## Stakeholder workshops contribute to LIFE mid-term evaluation

As part of the ongoing mid-term evaluation of the LIFE Programme, two events were recently held in Brussels at EU institutions – the Committee of the Regions (CoR) and the European Economic and Social Committee (EESC) – that will shortly report to the European Commission their recommendations for the future development of the programme.

## LIFE: a catalyst for growth and capacity building

The workshop at the CoR, 'EU LIFE programme: A chance for green business – innovation and job creation preserving the environment', focused on some key areas where the programme can make a significant contribution in the coming years, namely, the circular economy and green jobs.

## Towards a greener Europe

The EESC public hearing, 'LIFE: a tool for a greener Europe', offered another perspective on the programme, but the message was clear: investing in the environment has wide-reaching and tangible benefits for nature, health and local economies.
