

**Building blocks of the policy review on
Water Scarcity & Droughts
in the EU**

Block 1 -

Water Efficiency

Brussels, April 27 2010

Discussion – Block 1

1. GAP Analysis – additional information to feed into the analysis
2. Are the building blocks adequate and covering all aspects or are other studies needed
3. Specific comments/recommendations per building block
 - Gap Analysis
 - Leakages
 - Agriculture
 - Buildings
 - Eco-design
 - Industry
