AIX-MARSEILLE II

In response to the publication of the Recommendation of 11 March 2005 (Official Journal of the European Union of 22 March 2005, L75/67) concerning the European Charter for Researchers and the Code of Conduct for the recruitment of researchers and after favourable recommendations of the Scientific Council on 17 January 2006 and the Executive Board on 24 January 2006:

"The Université de la Méditerranée, represented by its President, Professor Yvon Berland, fully supports the initiative of the European Commission and the European bodies for research and higher education in order to contribute to the creation of a European Research Area and to encourage the mobility of the researchers within the Union.

Aware of the need to take concrete measures in order to deepen this Research Area and to facilitate the professional careers of the researchers everywhere in Europe, the Université de la Méditerranée subscribes to every single principle of the European Charter for Researchers.

Finally, the University commits itself to carry out the internal reforms and to take the necessary steps to comply with the Code of Conduct for the recruitment of researchers within a reasonable lapse of time and in terms with the French applied law."
