1. To support networking and representativity of Vietnamese CSOs in the targeted sectors;
2. To strengthen the institutional capacity for Vietnamese CSOs, for example through training and technical assistance;
3. To promote better governance and a greater participation in policy decision making at local level through field activities;
4. To conduct policy research aiming at a better formulation, implementation and evaluation of development policies in the targeted sectors;
5. To motivate and strengthen informal sectors and/or private entities to participate in health care policies and programmes, including health insurance systems;
6. To support the implementation of the Gender Equality Action Plan in the health sector.

To be defined on the basis of an external evaluation of the NSA Projects implemented in the OIT and consultations with CSOs.

to be decided

(LA) 01/04/2012 (NSA) 01/11/2012

NSA: 1. Health: Actions that contribute to improved maternal and child health delivery.
2. Education: Actions that promote community schools, adolescent reproductive health and water and sanitation.
3. Support for actions that sustain the livelihoods of the rural poor, focusing on development activities, entrepreneurship and skills development; community driven agriculture initiatives and social safety net initiatives.
4. Actions that enhance the role of NSAs in promoting corporate social responsibility to address issues of poverty, power inequalities and management.
LA: 1. Actions that contribute to improved water and sanitation and waste management.
2. Actions that enhance local governance and guarantee community mobilisation and participation.
3. Actions which build the capacity of Local Authorities to implement actions on preventive health.
4. Actions that build the capacity of Local Authorities to implement their core mandate.
