

Partnership Dialogue Facility
Energy policies for development

EUEI Partnership Dialogue Facility

ACP-EU Energy Facility
Energy Governance Support

Brussels, 4 November 2009

Ray Holland, EUEI PDF

A demand-driven *instrument of the EU Energy Initiative...*

- funded by 6 EU Member States and the EC,
- facilitates dialogue between:
 - *The European Union and its Partner Countries*
 - *Stakeholders at national and regional level,*
- supports development of energy access policies,
- hosted by GTZ.

Energy Governance – Our Activities

- Energy policies and strategies (*national and regional*),
- Enabling of legislative and regulatory environment (e.g., for management of PPP),
- International Dialogue Events,
- Thematic studies (electrification, biomass etc.),
- Coordination between donors,

EUEI
Partnership Dialogue Facility
Energy policies for development

Results of the first phase: 2005-2009...

31 activities in 15 countries with 7 regional organisations, 6 thematic studies and

4 international workshops.

Burundi: *Energy policy/strategy update, investment plan,*

Cameroon: *Rural electrification planning,*

DR Congo: *Energy policy, electricity law and rural electrification strategy,*

Ethiopia: *Planning tool for grid extension,*

Ghana: *GIS planning for rural electrification,*

Rwanda: *Update of energy policy leading to a SWAp,*

Uganda: *District level planning of community energy.*

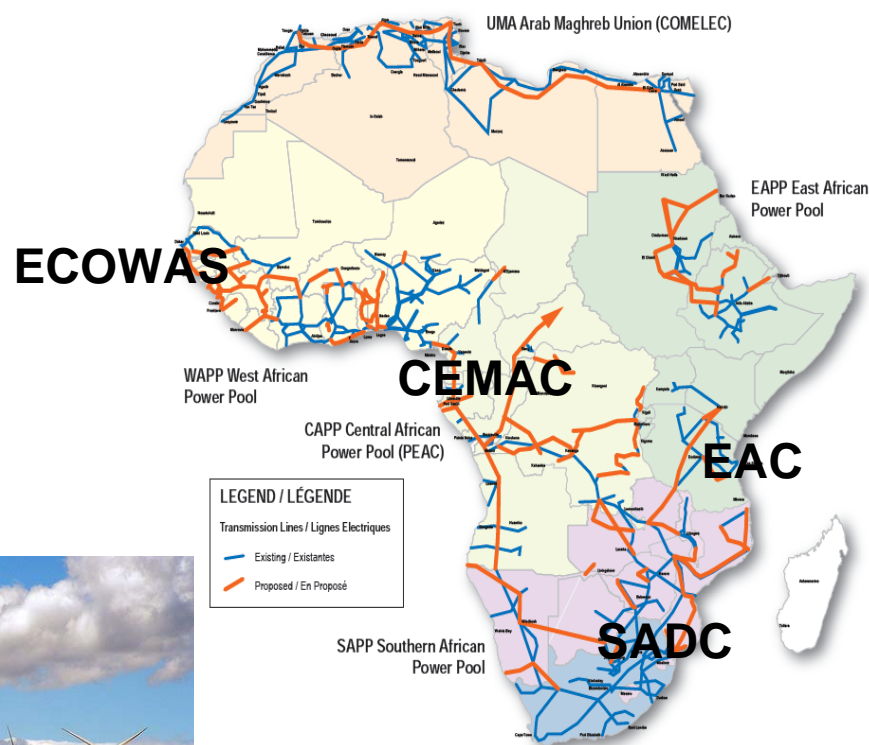

Partnership Dialogue Facility
Energy policies for development

Regional access strategies:

- EAC
- CEMAC
- ECOWAS
- SADC

ELECTRICITY NETWORK

Thematic Studies:

- *Liquefied Petroleum Gas (LPG)* – [Senegal](#),
- *Biomass energy guide* – [Africa](#),
- *Biomass energy (cooking energy) strategies (BEST)* – [Malawi](#), [Rwanda](#),
- *Wind Regional Energy Strategy* – [Caribbean](#),
- *Review of Experience with Rural Energy/ Electrification Agencies (REAs)* – [Sub-Saharan Africa](#),
- *Paper on Energy and National Finances - Africa* (Financing of Development Conference).

International Dialogue Events:

- **EAC:** *Regional Energy Access Strategy and Donor Mapping,*
- **CEMAC:** *Inter-ministerial Workshop on Energy Access for the Rural Poor ,*
- **Europe:** *Facilitating a European Position on the Clean Energy Investment Framework and ESMAP Business Plan,*
- **Africa:**
 - *3 Workshops on Regional Energy Access,*
 - *3 regional BEST workshops, with GTZ,*
 - *Africa Electrification Initiative , with ESMAP.*

The Project Development Process:

Request from government or regional organisation

Agreement on action to be supported

Non-objection from governing board (funders including EC/AIDCO)

ToR agreed, restricted call for proposals

Bid evaluation, contract, implementation

Evaluate effectiveness, impact

Project Criteria:

- Upstream, not implementation,
- Policy, strategy, regulation, legislation, enabling environment,
- Institutional capacity building,
- Normally under €200,000 per activity,
- More in exceptional cases.

Partnership Dialogue Facility
Energy policies for development

Africa-EU Renewable Energy Cooperation Programme

- Strengthen RE industry and markets,
- Introduce policy instruments,
- Grid integration and off-grid,
- Cooperative R & D,
- Technology transfer.
