1. The index of producer prices shows (in the national currency of the country concerned) changes in the ex-works sale prices of all products sold on the domestic market, excluding imports. Euro area and EU indices refer to overall weighted price changes. The figures are not working day and/or seasonally adjusted. Missing observations from Member States for recent months are estimated for the calculation of the euro area and the EU aggregates.  
The weights of the Member States in the EU and euro area aggregates can be found at:
