3. The EU balance of payments estimates for the reference month are based on figures provided by the Member States to Eurostat 44 days after the end of the reference month, and should be considered as provisional. Figures may be subject to revision when data for later months are transmitted by the Member States.
4. In line with the agreed allocation of responsibility, the European Central Bank (ECB) ([www.ecb.int](http://www.ecb.int), section statistics/statistical press releases) is in charge of compiling and disseminating monthly and quarterly balance of payments and quarterly international investment position statistics for the euro area, whereas the European Commission (Eurostat) focuses on monthly, quarterly and annual aggregates of the EU. The aggregates for the euro area and the EU are compiled consistently on the basis of Member States' transactions with residents of countries outside the euro area and the European Union respectively.
