Part I

Foundations of the System of Health Accounts

| | |
|--|----|
| Chapter 1. Introduction | 19 |
| Background | 20 |
| Differences and improvements between SHA 1.0 and SHA 2011 | 21 |
| The role of the Manual and its organisation | 21 |
| Note | 22 |
| Chapter 2. Purposes and Principles of Health Accounts | 23 |
| Introduction | 24 |
| Background | 24 |
| Purposes and objectives of the <i>System of Health Accounts 2011</i> | 25 |
| Principles of the <i>System of Health Accounts 2011</i> | 25 |
| Analytical uses | 28 |
| Notes | 31 |
| Chapter 3. Accounting Concepts and SHA Aggregates | 33 |
| Introduction | 34 |
| Accounting and national accounting as a base for the <i>System of Health Accounts</i> | 34 |
| The consumption, availability and use of health care goods and services | 35 |
| Main aggregates of health expenditure | 38 |
| Rest of the world | 42 |
| Time of recording | 43 |
| The measurement of consumption and output: market and non-market production | 44 |
| The treatment of subsidies and other transfers to provider industries | 45 |
| The production boundary of health care services | 46 |
| The relationship between current expenditure on health and the SNA components of consumption | 47 |
| Notes | 48 |
| Chapter 4. Global Boundaries of Health Care | 51 |
| Introduction | 52 |
| Defining current health care expenditures | 52 |

| | |
|--|-----|
| The boundary of the current health care expenditure account | 56 |
| The boundaries of the additional expenditure accounts of SHA | 62 |
| Notes | 68 |
| Chapter 5. Classification of Health Care Functions (ICHA-HC) | 71 |
| Introduction | 72 |
| Health care consumption by purpose | 72 |
| Uses of the functional approach | 73 |
| Features of SHA 2011 functional classification | 73 |
| Rationale of the functional classification | 75 |
| Explanatory notes to the ICHA-HC classification of health care functions | 84 |
| Notes | 116 |
| Chapter 6. Classification of Health Care Providers (ICHA-HP) | 121 |
| Introduction | 122 |
| Concept of the classification of health care providers | 122 |
| Description and guidelines for compilers | 127 |
| Explanatory notes to the ICHA-HP classification of health care providers | 131 |
| Notes | 151 |
| Chapter 7. Classification of Health Care Financing Schemes (ICHA-HF) | 153 |
| Introduction | 154 |
| Main concept | 156 |
| Definition of health care financing schemes | 164 |
| Explanatory notes to the ICHA-HF classification of health care financing schemes .. | 166 |
| Specific conceptual issues | 181 |
| Main steps in adjusting SHA 1.0 or NHA <i>Producers Guide</i> of a country to SHA 2011 accounting of health financing | 190 |
| Notes | 191 |

Part II

**Further Classifications, Applications and Methodology
Concerning Health Accounts**

| | |
|---|-----|
| Chapter 8. Classification of Revenues of Health Care Financing Schemes (ICHA-FS) . | 195 |
| Introduction | 196 |
| Main concept | 196 |
| Definition of revenues of health care financing schemes | 197 |
| Explanatory notes to the ICHA-FS classification of revenues of health care financing schemes | 198 |
| Specific conceptual issues | 204 |
| SHA tables on revenue collection | 206 |
| Additional tools | 208 |
| Notes | 210 |
| Chapter 9. Classification of Factors of Health Care Provision (ICHA-FP) | 211 |
| Introduction | 212 |
| Main concept | 212 |

| | |
|---|-----|
| Notes related to the classification and selected types of classes | 213 |
| Explanatory notes to the ICHA-FP classification of factors of health care provision | 215 |
| Notes | 223 |
| Chapter 10. Health Spending by Beneficiary Characteristics | 225 |
| Introduction | 226 |
| Background | 226 |
| Analytical uses | 228 |
| Possible framework for analysing expenditures by beneficiaries | 230 |
| Scope of health expenditures considered in analyses by beneficiary characteristics | 231 |
| Linkage to main SHA estimates | 233 |
| Classifications of beneficiaries | 233 |
| Possible methodological approaches | 241 |
| Notes | 244 |
| Chapter 11. Capital Formation in Health Systems | 247 |
| Introduction | 248 |
| Definition of gross capital formation in SHA | 248 |
| Gross fixed capital formation | 248 |
| Changes in inventories and acquisitions less disposals of valuables | 259 |
| Different approaches to the estimation of gross capital formation | 260 |
| The consumption of fixed capital in SHA | 262 |
| Capital account | 263 |
| Other memorandum items | 267 |
| Notes | 270 |
| Chapter 12. Trade in Health Care | 273 |
| Introduction | 274 |
| Background and policy issues | 274 |
| Basic concepts and definitions | 277 |
| Imports and exports under the <i>System of Health Accounts</i> | 284 |
| Data sources for estimating international trade in health services under SHA | 288 |
| Reporting of trade in health care goods and services under the SHA framework .. | 296 |
| Notes | 298 |
| Chapter 13. Price and Volume Measures | 301 |
| Introduction | 302 |
| Measurement of changes in price and volume in the SHA framework | 302 |
| Inter-temporal indexes of price and volume | 304 |
| Market and non-market measures for health care | 306 |
| Products classification for price and volume measures | 307 |
| Measurement by provider industry | 309 |
| Measurement of quality changes | 312 |
| Inter-country indexes of price and volume | 314 |
| Notes | 318 |

| | |
|---|-----|
| Chapter 14. Basic Accounting and Compilation Guidance | 319 |
| Introduction | 320 |
| Basic accounting criteria | 320 |
| Summary introduction to SHA compilation processes | 321 |
| General measurement issues | 329 |
| Measurement issues in a special case | 337 |
| Notes | 338 |
| Chapter 15. Presentation of Results, Tables and Basic Indicators | 339 |
| Introduction | 340 |
| The health accounts report | 341 |
| HA time series | 346 |
| Using HA with other health system information | 350 |
| Country background | 350 |
| Metadata and data sources | 350 |
| Quality checks | 351 |
| National, regional and international databases | 351 |
| The selection of tables presented in this chapter | 352 |
| Notes | 352 |
| References | 371 |
| Annex A. Relationship of the ICHA to Other Classifications | 380 |
| Annex B. The Relationship between SHA and SNA | 416 |
| Annex C. Health and Health Associate Professionals and ISCO-08 | 444 |
| Annex D. Financing of Health Systems – Supplementary Tools | 447 |
| Annex E. Classifying Health Care Products | 462 |
| Annex F. Medical Classifications | 497 |
| Annex G. International Standards and Classifications of Trade and Tourism | 509 |
| | |
| Tables | |
| 3.1. Relationship between SHA current expenditure on health and SNA terminology | 48 |
| 4.1. Selected borderline cases of the SHA core accounting framework | 66 |
| 5.1. Classification of health care functions | 83 |
| 5.2. Preventive and public health components in SHA 1.0 and SHA 2011 | 105 |
| 5.3. TCAM entries as a reporting item class HC.RI.2 | 112 |
| 6.1. Classification of actors/organisations in health care provision and health system dimensions | 126 |
| 6.2. Classification of health care providers | 130 |
| 7.1. Key health financing concepts and classifications in SHA 2011 and SHA 1.0/ <i>Producers Guide</i> | 159 |
| 7.2. Main criteria of health care financing schemes | 163 |
| 7.3. Classification of health care financing schemes | 165 |
| 7.4. ICHA-HF in SHA 2011 in comparison to SHA 1.0 | 166 |
| 7.5. Expenditure by social, compulsory private and private health care financing schemes | 182 |

| | |
|--|-----|
| 7.6. Health spending from public, compulsory private and private funds | 183 |
| 7.7. Possible financing agents for the main categories of financing schemes | 185 |
| 8.1. Comparison of FS in SHA 2011 with the <i>Producers Guide</i> | 197 |
| 8.2. Classification of revenues of health care financing schemes | 199 |
| 8.3. Suggested reporting of loans as memorandum items to the FS classification | 204 |
| 8.4. Revenues of health financing schemes by Institutional units and types of revenues | 207 |
| 8.5. Sub-categories of transfers from government domestic revenue | 209 |
| 8.6. Accounting payments made by households for care under SHA 2011 | 209 |
| 9.1. Classification of factors of health care provision | 214 |
| 9.2. Further breakdown of non-health care goods | 219 |
| 9.3. Cross-classification of functional and economic classifications of expenses | 222 |
| 10.1. Classification of disease/condition by Global Burden of Disease (GBD) category | 237 |
| 10.2. International statistical classification of diseases and related health problems (ICD-10) 10th revision | 238 |
| 11.1. Classification of gross fixed capital formation in health systems by type of asset | 252 |
| 11.2. Capital account | 266 |
| 12.1. Expenditure on health care imports by function and financing scheme | 297 |
| 12.2. Expenditure on health care exports by function and provider | 298 |
| 13.1. Overview of indicators for volume output of health service providers (HP.1-HP.3) | 312 |
| 14.1. Provider example: hospital activity information | 327 |
| 14.2. Source of funding example: Ministry of Health budgetary information | 327 |
| 14.3. Detailed representation of how data entries might be stored in a database | 329 |
| 14.4. Allocation of institutional care to mode of provision | 331 |
| 14.5. Consumption of medical goods non-specified by function | 332 |
| 15.1. Selected examples of indicators used in health care analysis | 347 |
| 15.2. Expenditure on health care by financing schemes and functions of care | 353 |
| 15.3. Expenditure on health care by health care providers and functions of care | 357 |
| 15.4. Expenditure on health care by financing schemes and health care providers | 362 |
| 15.5. Expenditure on health care by revenues of financing schemes and financing schemes | 364 |
| 15.6. Expenditure on health care by financing agents and financing schemes | 366 |
| 15.7. Expenditure on health care by factors of provision and health care providers | 368 |
| A.1.1. SNA and ESSPROS health care aggregates related to consumption | 384 |
| A.1.2. Government outlays on health (COFOG) according to categories in Austria, 2009 (in million EUR) | 386 |
| A.1.3. SNA health care aggregates by provider industry | 386 |
| A.1.4. SNA and ESSPROS health care aggregates related to financing | 388 |
| A.1.5. Cross-check of the classification of health care functions (ICHA-HC) with SNA classifications | 390 |

| | |
|--|-----|
| A.1.6. Correspondence between classification of health care functions (ICHA-HC) and COFOG and COICOP-Households | 395 |
| A.1.7. Correspondence between classification of health care functions (ICHA-HC) and CPC | 400 |
| A.1.8. Definitions of the functions of social protection (ESSPROS) | 403 |
| A.1.9. Correspondence between classification of health care functions (ICHA-HC) and ESSPROS | 405 |
| A.1.10. Correspondence between classification of health care providers (ICHA-HP) and ISIC | 408 |
| A.1.11. Correspondence between classification of financing schemes (ICHA-HF) and institutional sectors of SNA (examples) | 412 |
| A.1.12. Correspondence between classification of health care providers (ICHA-HP) and institutional sectors of SNA (examples) | 413 |
| B.1.1. Health supply table (H-ST) | 423 |
| B.1.2. Health use table (H-UT) | 427 |
| B.1.3. Production and generation of income account of health providers | 435 |
| B.1.4. Secondary distribution and use of income accounts | 437 |
| C.1.1. ISCO-08 structure for health professionals and health associate professionals | 445 |
| D.1.1. Classification of financing agents | 448 |
| D.1.2. Revenues and expenses of governmental health financing schemes (HF.1.1) | 453 |
| D.1.3. Revenues and expenses of governmental health financing schemes (HF.1.1) | 454 |
| D.1.4. Total health-related revenues and expenses of government | 455 |
| D.1.5. Account of households' health-specific transfers and net financing out of own resources | 456 |
| D.1.6. ICHA-HF classification of health care financing in SHA 1.0 | 457 |
| F.1.1. International Classification of Primary Care (ICPC-2) | 498 |
| F.1.2. Anatomical Therapeutic Chemical (ATC) | 500 |
| F.1.3. International Shortlist for Hospital Morbidity Tabulation (ISHMT) | 500 |
| F.1.4. Global Burden of Disease (GBD) | 505 |
| G.1.1. Health services under the EPOPS 2010 classification | 514 |

Figures

| | |
|---|-----|
| 2.1. Linkage between the frameworks of health systems and health accounts ... | 27 |
| 3.1. The uses of health care goods and services | 36 |
| 4.1. The core and extended accounting framework of SHA 2011 | 55 |
| 5.1. The natural history of disease and the purpose of health care goods and services | 77 |
| 5.2. Decision tree for the functional classification | 78 |
| 5.3. The health and social boundary of long-term care (LTC) | 92 |
| 5.4. Distribution mechanisms of medicines | 98 |
| 6.1. Overview of primary and secondary providers encompassed by ICHA-HP ... | 124 |
| 7.1. A graphical representation of SHA 2011 financing framework | 157 |
| 7.2. Criteria tree for health care financing schemes | 164 |
| 7.3. The relationship between financing schemes and financing agents: one-to-one correspondence | 186 |

| | | |
|--------|--|-----|
| 7.4. | The relationship between financing schemes and financing agents: example of a more complex institutional setting | 186 |
| 7.5. | An example of the relationship between government schemes, government as a provider of financial resources and government as a financing agent | 188 |
| 7.6. | The possible roles of foreign resources and foreign (non-resident) institutional units in health financing | 189 |
| 7.7. | Financing schemes in the context of SHA 2011 and SNA 2008 | 190 |
| 8.1. | A simplified display of transfers from government revenues to financing schemes | 205 |
| 11.1. | Current health expenditure and gross capital formation in SHA | 261 |
| 11.2. | Consumption of fixed capital in SHA | 263 |
| 12.1. | The treatment of imports under SHA | 288 |
| 12.2. | Health care goods and services from non-resident providers in the HCxHP table | 296 |
| A.1.1. | Correspondence between classifications of the SNA/ESSPROS and SHA | 382 |
| B.1.1. | SHA 2011 information set | 418 |
| B.1.2. | Links between the System of National Accounts (SNA) and the System of Health Accounts (SHA) | 418 |
| B.1.3. | Health supply and use tables (H-SUT) | 423 |
| G.1.1. | The four modes of supply for trade in health services as defined by GATS .. | 511 |
