Abstract	3
Table of contents	4
1 Big data & the seven Vs... Or three Vs? Or no Vs at all?	6
2 Big data in official statistics in the European Union	8
3 The many faces of big data: sources with potential for measuring tourism .9	
3.1 Communication systems	10
3.1.1 Mobile network operator data	10
3.1.2 Smart mobile devices data	11
3.1.3 Social media posts.....	11
3.2 World Wide Web	12
3.2.1 Web activity	12
3.2.2 Dynamic websites.....	12
3.2.3 Static websites.....	13
3.3 Business process-generated data	13
3.3.1 Flight booking systems	13
3.3.2 Stores cashier data.....	14
3.3.3 Financial transactions.....	14
3.4 Sensors	14
3.4.1 Traffic loops	14
3.4.2 Smart energy meters	15
3.4.3 Satellite images	15
3.5 Crowd sourcing	15
3.5.1 Wikipedia contents.....	15
3.5.2 Picture collections.....	16
4 The impact of big data on the tourism statistics system	17
4.1 Evolution of the tourism statistics system in future years	17
4.2 Ultimate aim: regular production of mixed-source official statistics	19
4.2.1 Case 1: data on flows	19
4.2.2 Case 2: spending.....	20
5 Risks and constraints	21
5.1 Access... and continuity of access	22
5.2 Alignment of concepts and definitions	22
5.3 Selectivity bias	23
