(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 575/2013 of 26 June 2013 of the European Parliament and of the Council on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No 648/2012 and in particular the fourth subparagraph of Article 99(5), the fourth subparagraph of Article 99(6), the third subparagraph of Article 101(4) and the third subparagraph of Article 394(4) thereof,

Whereas:

- (1) Commission Implementing Regulation (EU) No 680/2014<sup>1</sup> specifies the modalities according to which institutions are required to report information relevant to their compliance with Regulation (EU) No 575/2013. Article 99(5) of Regulation (EU) No 575/2013 mandates the European Banking Authority (EBA) to draft implementing technical standards to specify uniform formats for the reporting of financial information by institutions subject to Article 4 of Regulation (EC) No 1606/2002 of the European Parliament and of the Council<sup>2</sup> and credit institutions other than those referred to in that Article that prepare their consolidated accounts in conformity with the international accounting standards adopted in accordance with the procedure laid down in Article 6(2) of Regulation (EC) No 1606/2002. Article 99(6) of Regulation (EU) No 575/2013 also mandates the EBA to draft implementing technical standards to specify uniform formats for the reporting of financial information by institutions subject to accounting frameworks based on Council Directive 86/635/EEC<sup>3</sup> to which the competent authorities may extend the reporting requirements. Each of these provisions relate to aspects of the framework for supervisory reporting in the Union which need to be aligned with newly applicable international standards.
- (2) International Accounting Standards adopted in accordance with the procedure laid down in Article 6(2) of Regulation (EC) No 1606/2002 are based on International Financial Reporting Standards (IFRS) developed by the International Accounting Standards Board (IASB).

<sup>1</sup> Commission Implementing Regulation (EU) No 680/2014 laying down implementing technical standards with regard to supervisory reporting of institutions according to Regulation (EU) No 575/2013 (OJ L 191, 28.6.2014, p. 1).

<sup>2</sup> Regulation (EC) No 1606/2002 of the European Parliament and of the Council of 19 July 2002 on the application of international accounting standards (OJ L 243, 11.9.2002, p. 1).

<sup>3</sup> Council Directive 86/635/EEC of 8 December 1986 on the annual accounts and consolidated accounts of banks and other financial institutions (OJ L 372, 31.12.1986, p. 1).

- (3) In July 2014, the IASB issued IFRS 9 Financial Instruments ('IFRS 9') as the new standard for the accounting of financial instruments, with the view to its international application from 1 January 2018. IFRS 9 was adopted in the Union on 22 November 2016 by means of Commission Regulation (EU) 2016/2067<sup>4</sup>.
- (4) IFRS 9 fundamentally changes the accounting for financial instruments for institutions that are subject to Article 99(2) of Regulation (EU) No 575/2013. IFRS 9 includes a logical model for classification and measurement, a single, forward-looking 'expected loss' impairment model and a substantially-reformed approach to hedge accounting. Therefore reporting by institutions should be amended accordingly.
- (5) Further, it is necessary to update the templates and instructions related to the reporting of the gross carrying amount of financial assets measured at fair value through profit and loss. This is because of the need to clarify the definition of 'gross carrying amount' for credit risk monitoring, to increase the data quality of the information reported and to reduce reporting burden.
- (6) It is also necessary to update the templates and instructions for institutions that are subject to accounting frameworks based on Directive 86/635/EEC, to ensure that reported financial information remains relevant and aligned between all institutions and to address information gaps related to specific national accounting frameworks previously not fully reflected in the templates.
- (7) Given the intrinsic link of financial reporting with the applicable accounting standards, it is necessary that the date of application of this Regulation coincides with the date of application of the IFRS 9. For the same reason, it is also necessary that, for those institutions applying an accounting year that is different from the calendar year, the date of application of this Regulation coincides with the date of application of the IFRS 9, which is that date of the calendar year at which the financial year begins for those institutions.
- (8) This Regulation is based on the draft implementing technical standards submitted by the European Banking Authority (EBA) to the Commission.
- (9) The European Banking Authority has conducted open public consultations on the draft implementing technical standards on which this Regulation is based, analysed the potential related costs and benefits and requested the opinion of the Banking Stakeholder Group established in accordance with Article 37 of Regulation (EU) No 1093/2010 of the European Parliament and of the Council<sup>5</sup>.
- (10) Implementing Regulation (EU) No 680/2014 should be amended accordingly,

HAS ADOPTED THIS REGULATION:

#### *Article 1*

Implementing Regulation (EU) No 680/2014 is amended as follows:

<sup>5</sup> Regulation (EU) No 1093/2010 of the European Parliament and of the Council of 24 November 2010 establishing a European Supervisory Authority (European Banking Authority), amending Decision No 716/2009/EC and repealing Commission Decision 2009/78/EC (OJ L 331, 15.12.2010, p. 12).
