

Workshop on pig welfare

The better implementation of the existing EU legislation on the welfare of pigs is the main objective of a workshop organised by the European Commission on 17 November 2009 in Brussels.

The "Workshop on pig welfare" will bring together experts from national administrations, non-governmental organizations and stakeholders directly involved in the implementation of the animal welfare provisions or interested in promoting high animal welfare standards.

The workshop will be web streamed via the Internet in German, English, French and Spanish.
