

Comments on the translated draft report 6895-2013

1. TYKE: Use the wording “Τμήμα Υγειονομικού Κτηνιατρικού Ελέγχου» instead of « Τμήμα Υγιεινής Κτηνιατρικών Ελέγχων».
1. On page 4 of the translated draft there is an inaccurate information: The Department of Feedingstuff is responsible for the controls on feedingstuff that are imported from third countries. They are responsible for the implementation of the relevant legislation.
