

- Stocktaking and context
 - Digital manufacturing platforms as strategic issue
 - Draft WP2018-20 topics, by RTD
 - Several large projects and many projects addressing specific mfg challenges
- Next-generation platforms, supporting initiatives, actions and contributions
 - Cross-sector vs sector-specific
 - Diverse set of platforms
 - Interoperability of existing platforms vs new platforms
 - Focus more on economics
 - Data sharing
 - Link with Digital Innovation Hubs
 - Large initiatives vs small ones
 - Need for federating initiatives
