

**EUNetPaS – PSWG meeting,
Brussels
June 17th 2008**

EUNetPaS

European Union Network for Patient Safety

A project to address PS issues at the EU level

EUNetPaS is a project which has received funding from the European Union in the framework of the Public Health Programme

DEFINITION

Patient Safety:

The avoidance, prevention and amelioration of adverse outcomes or injuries stemming from the process of health care.

(Charles Vincent)

IS PATIENT SAFETY AN IMPORTANT ISSUE IN THE EU?

- **A report by the Hospitals for Europe's Working Party on Quality Care in Hospitals (HOPE: European Hospital and Healthcare Federation) has estimated that every tenth patient in hospitals in Europe suffers from preventable harm**
- **The ENEIS prospective study in France estimated that the incidence of adverse events was 6.6 per 1000 days of hospitalisation of which 35 % were preventable.**
- **The ENEAS study in Spain confirmed that 9.3% of hospitalised patients experience AEs**
- **One serious AE every 5 days in a 30 bed ward**

OBJECTIVES of EUNetPaS

- **To produce European added value of Member States collaboration by mutual support, and exchange of ideas and materials for accelerating progress**
- **To set up a pan European NETWORK for patient safety involving stake holders and organised around national coordinators**
- **To pilot tools to reduce medication errors**
- **To propose a basis for research projects for better safety.**

EUNetPaS - PSWG meeting
Brussels
17th June 2008

EUNetPaS: an EU network...

A platform at EU level for collaboration and networking between:

- Member States
- international organisations
- stakeholders in the field of Patient Safety
(decision makers, health care professionals, patients, researchers ...)

PHEA

...of National Networks

- National Institutions
 - Health Care Quality agencies
 - Dedicated PS agencies
 - Dedicated departments or agencies of MoH
- Decision makers
- Healthcare professionals
- Research teams on P. S.
- Patients

National platforms

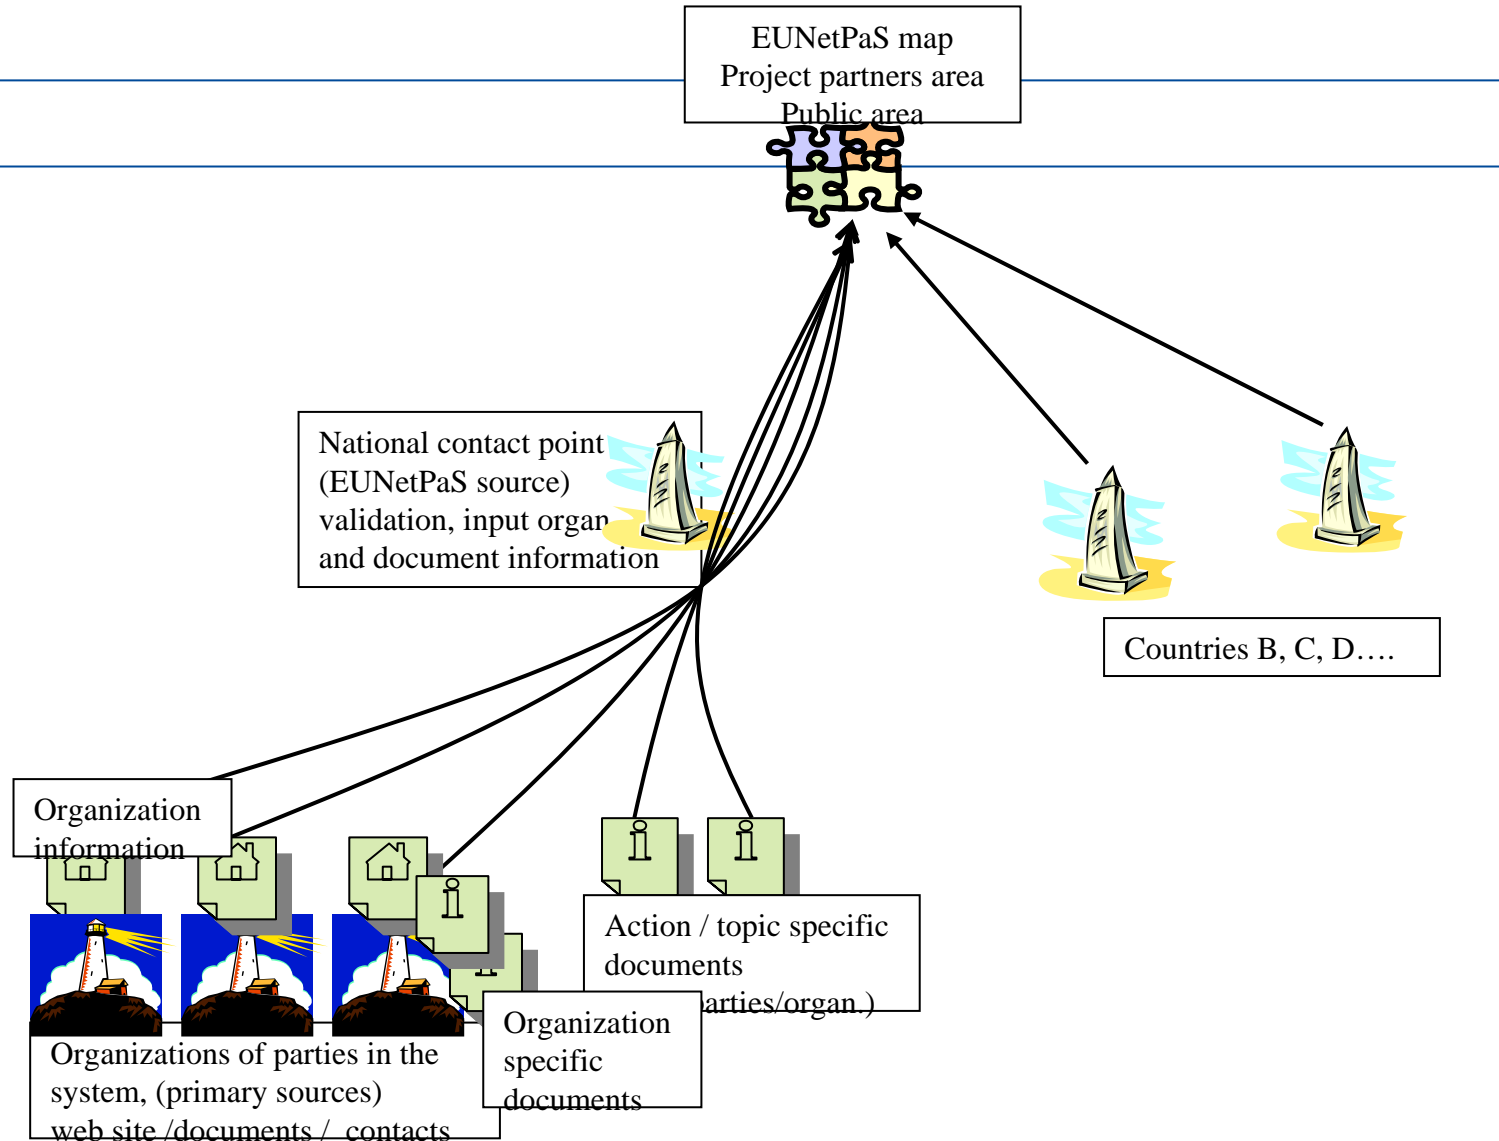

LATEST NEWS

- Starting date 1st Feb.
Confirmed by PHEA on 10 March
- Contract signature June 2008
- Financing:
45 days after contract signature between HAS and PHEA, HAS will receive a first pre-payment (August 2008)
In 30 days after receiving funds, HAS will transfer the grant to associated partners as stated in the grant agreement (September 2008)

Achievements: situation analysis

- Interview support for the situation analysis including basic set of specific questions for culture, education, reporting and medication safety
- Database to manage basic information concerning stakeholders involved in the MS and most relevant documents
- Objectives:
 - identify the stake holders which should be involved in the data collection exercise to be conducted by core WPs later this year
 - to develop national platforms and involve them in EUNetPaS

Data collection

- WP2 education organised a meeting in May to develop a specific questionnaire
 - 3 work streams have been defined
 - Medical perspective
 - Nursing perspective
 - Patient perspective
- WP4 has already started data collection through EU stakeholders affiliates, a meeting was organised in June

National Patient Safety platforms development

- Denmark
- Finland
- Germany
- Netherlands
- France launched 16 June
- Austria to be launched 24 June
- Spain to be launched in July

EUNetPaS communication tools

- EUNetPaS logo, graphical chart and design of the website
- EUNetPaS Initial communication kit (presentation leaflet and templates for EUNetPaS presentations)
- EUNetPaS website and extranet

EUNetPaS Outcomes and Deliverables

- advice to Member States and promote coherence at EU level through recommendations and proposition of common tools
 - Culture measurement tool,
 - Guidelines for education
 - Library of methods for reporting and learning systems implementation
 - Rapid response mechanism for sharing high priority patient safety issues or solutions between all member states
 - Medication safety recommendation

EUNetPaS Outcomes and Deliverables

Impact:

- Make available existing knowledge and know-how
- Acquire new knowledge
- Evaluate the uptake of tools and recommendations
- Develop a **EU community of Hospitals** involved in PS
- Create a sustainable European Network

**EUNetPaS - PSWG meeting
Brussels
17th June 2008**

**EUNetPaS
provides a tremendous
challenge...
but a real opportunity
to improve Patient Safety at the
EU level,**

PHEA
