REF: Rare Diseases: public consultation regarding a European action

Dear Mrs. Berens,

On behalf of the European Cystic Fibrosis Society, I would like to fully endorse the initiative of the EU Commission to publish a Communication on a European Action in the Field of Rare Diseases.

We believe that such a communication will strengthen the cooperation between member states and greatly assist patients with cystic fibrosis to have equal access to the best possible healthcare.

Yours sincerely,

Stuart Elborn  
President, European Cystic Fibrosis Society
