European guidelines for quality assurance in mammography screening

Third Edition

European Commission
# Table of contents

## 1. Introduction

## 2. Epidemiological guidelines for quality assurance in mammography screening

- 2.1 Introduction
- 2.2 Local conditions governing the screening process at the beginning of a breast screening programme
- 2.3 Invitation scheme
- 2.4 Screening process and further assessment
- 2.5 Disease stage of screen-detected cancers
- 2.6 Treatment of screen-detected cancers
- 2.7 Follow up of the target population and ascertainment of interval cancers
- 2.8 Evaluation and interpretation of screening outcomes
- 2.9 Bibliography
- 2.10 Glossary of terms

## 3. The European protocol for the quality control of the physical and technical aspects of mammography screening

- Executive summary
- 3.1 Introduction to the measurements
- 3.2 Description of the measurements
- 3.3 Daily and weekly QC tests
- 3.4 Definition of terms
- 3.5 Tables
- 3.6 Bibliography

Appendix 1: Film-parameters
Appendix 2: A method to correct for the film curve
Appendix 3: Typical values for other spectra and densities
Appendix 4: Low contrast visibility
Appendix 5: Digital mammography
Appendix 6: Completion forms for QC reporting

## 4. Radiographical guidelines

- 4.1 Introduction
- 4.2 Technical quality control
- 4.3 Ergonomic design of the machine
- 4.4 Mammographic examination
- 4.5 Social skills
- 4.6 Consent
- 4.7 Teamwork
- 4.8 Radiographic quality standards
- 4.9 Training
- 4.10 Staffing levels and working practices
- 4.11 Summary
- 4.12 Conclusion
- 4.13 Bibliography
5. Radiological guidelines

5.1 Introduction 145
5.2 Image quality 146
5.3 Radiologist performance issues 147
5.4 Operating procedures 152
5.5 Interval cancers 155
5.6 Professional requirements 158

6. Quality assurance guidelines for pathology in mammography screening - non-operative diagnosis

6.1 Introduction 161
6.2 Cytopathology 162
6.3 Needle core biopsy 170

7. Quality assurance guidelines for pathology in mammography screening - open biopsy and resection specimens

7.1 Introduction 175
7.2 Macroscopic examination of biopsy and resection specimens 175
7.3 Using the histopathology reporting form 181
7.4 References 202

Appendix 1: Criteria for accrediting breast histopathology external quality assessment schemes in the European Union 204
Appendix 2: Membership of working group 205
Index for screening office pathology system 207

8. European guidelines for quality assurance in the surgical management of mammographically detected lesions

8.1 Introduction 215
8.2 General performance of a unit 216
8.3 Surgical diagnosis 217
8.4 Management 218
8.5 Follow up 219
8.6 Training 220
8.7 References 220

9. Data collection on treatment of screen-detected lesions

9.1 Background and aims 221
9.2 Main available computerised audit systems on surgical treatment of breast cancer 223
9.3 The data set 224
9.4 Monitoring a minimum set of outcome measures from the European surgical guidelines 225
9.5 Organisation of the audit procedures and resources required 232
9.6 References 233
Appendix 1: Definition and coding of data items used by the Q.T. 2.3 Audit System for producing the minimum set of indicators devised to monitor the European surgical guidelines

10. Guidelines for training
10.1 Introduction
10.2 General requirements
10.3 Epidemiologists
10.4 Physicists
10.5 Radiographers
10.6 Radiologists
10.7 Pathologists
10.8 Surgeons
10.9 Bibliography

11. Summary table of key performance indicators

Annexes
I Position paper. Recommendations on cancer screening in the European Union
II Recommendation R (94) 11 of the committee of ministers to Member States on screening as a tool of preventive medicine
III Euratom directive 97/43 of 30 June 1997 on health protection of individuals against the dangers of ionizing radiation in relation to medical exposure
IV EUREF certification protocol - working document
V EUSOMA document. Quality assurance in the diagnosis of breast disease
VI Directive 95/46/EC of the European Parliament and of the Council of 24 October 1995 on the protection of individuals with regard to the processing of personal data and on the free movement of such data
VII Dutch population screening act
VIII EUREF protocol 2001
