

ANNEX 7. METHODOLOGICAL ASPECTS OF HEALTH SURVEYS

This annex shows part of the methodological information of the health surveys included in the HIS/HES database. For each survey the name of the contact person(s) is also presented, including -if applicable- phone and fax number and email-address.

A01. AUSTRIA: FRAGEN ZUR GESUNDHEIT

The screenshot shows a Microsoft Access form titled "[HIS survey methodology : Form]". The form contains the following fields:

- Country: Austria
- Survey Code: A01
- Institute: Österreichisches Statistisches Zentralamt
- Institute Code: 1
- Survey name: Fragen zur Gesundheit
- Survey name English: Microcensus
- Address institute: (empty)

Below these fields is a tabbed interface with the following tabs: General, Sample I, Sample II, Scope, Non-response, Interviews, Instruments, Remarks, Contact, Docs. The "General" tab is active and contains the following fields:

- Type of survey: HIS
- Frequency: irregular
- Past years*): 73;78;83;91;
- Next year: 99
- Survey design: cross-sectional with follow-up
- Mode data collection: 1 face to face
- Languages: German

A note at the bottom of the form reads: "(*) The data of this survey in the database refer to the last year mentioned in the field 'past years'."

At the bottom of the window, the status bar shows "Record: 1 of 44" and "Form View".

UK10. United Kingdom: The Scottish Health Survey

The screenshot shows a Microsoft Access database form titled "HIS survey methodology : Form". The form contains the following fields and values:

Country:	United Kingdom	Survey Code:	UK10
Institute:	National Centre for Social Research	Institute Code:	29
Survey name:	The Scottish Health Survey		
Survey name English:	The Scottish Health Survey		

Below these fields is a tabbed interface with the following tabs: General, Sample I, Sample II, Scope, Non-response, Interviews, Instruments, Remarks, Contact, Docs. The "General" tab is active and contains the following fields:

Type of survey:	HIS/HES
Frequency:	3 yearly
Past years*):	95,98
Next year:	2001 (not yet definitive)
Survey design:	cross-sectional without follow-up
Mode data collection:	5 face to face + self administered
Languages:	English

At the bottom of the form, there is a text box containing the note: "*) The data of this survey in the database refer to the last year mentioned in the field 'past years'."

The status bar at the bottom indicates "Record: 14 of 44" and "Enter New Value".
