

Curriculum Vitae

Name: RASTOGI, Suresh Chandra **Gender:** Male

Nationality: Danish

Pre-/Postdoctoral Education:

1965, B.Sc. (Chemistry, Physics, Mathematics, Allahabad University, Allahabad, India

1967, M.Sc. (Chemistry, Organic), Allahabad University, Allahabad, India

1970, Ph.D., Allahabad University, Allahabad, India

Title:

Dr.

Current Position:

Senior Research Scientist, Department of Environmental Chemistry and Microbiology,
National Environmental Research Institute, Roskilde, Denmark.

Employment:

1967-1970: Junior Research Fellow of Council of Scientific and Industrial Research, India

1971-1974: Scientific Officer, Biochemistry Department, Cancer Research Institute,
Bombay, India

1974-1976: Post-doctoral Fellow, Institute of Hygiene, Odense University, DK-Odense,

1976-1985: Research Scientist, Neurochemical Institute, Copenhagen, Denmark.

1985: Research Scientist, Institute of Chemistry and Biology, Roskilde University,
Roskilde, Denmark

1985- : Senior Research Scientist, Department of Environmental Chemistry and
Microbiology, National Environmental Research Institute, Roskilde, Denmark.

Research Interests:

Consumer products, analytical chemistry, contact allergy, risk assessment

Areas of Expertise:

Analytical chemistry, exposure assessment

Memberships in Learned Societies:

Member of Scientific Advisory Committees :

- Since 1985, Member of Danish Cosmetic Advisory Council
- 1985-2003, Member of EU Working Party on Methods for Chemical Analysis of Cosmetic Products
- 1997-1999, external expert in the Plasticiser Working Group of EU's Scientific Committee on Toxicity, Ecotoxicity and the Environment

- Since 1989, National expert in CEN/TC 52/WG3, WG5, WG9 – Methods of analysis of chemicals in toys
- 2000-2004, Member of EU Scientific Committee on Cosmetic Products and Non-Food Products

Other Professional Activities:

+100 Scientific publications in peer reviewed journals, and +60 scientific reports prepared for Danish EPA, Nordic Council of Ministers, EU and CEN
