

SCIENTIFIC COMMITTEE ON CONSUMER SAFETY (SCCS)

**Request for a scientific opinion: Bis(butylbenzoate) diaminotriazine
aminopropyltrisiloxane CAS No. 207562-42-3.
Submission I**

1. Background

The substance with the chemical name Bis(butylbenzoate) diaminotriazine aminopropyltrisiloxane and CAS No. 207562-42-3 and the abbreviation BBDAPT is a new UV-filter for use in sunscreen products.

The first submission for this substance was received from Colipa in March 2010.

2. Terms of reference

- 1. Does SCCS consider that the use of Bis(butylbenzoate) diaminotriazine aminopropyltrisiloxane as an UV-filter in cosmetic products in a concentration up to maximum 10.0 % is safe for the consumers taken into account the scientific data provided?*
- 2. Does SCCS have any other scientific concerns for the safe use of the new UV-filter Bis(butylbenzoate) diaminotriazine aminopropyltrisiloxane in finished cosmetic products?*
