

# **eCall Driving Group (eCall DG)**

## **Terms of Reference**

*As approved by the eCall DG on 2 June 2003  
and the eSafety Steering Group of 16 June 2003*

The eCall Driving Group :

- Establishes and maintains the definition of the eCall mission and of the end product
- Develops and maintains the eCall "functional model"
- Develops and maintains the eCall "operational model" and, for each of the eCall "constituencies",
  - Identifies the overall requirements
  - Assess the progress of the contribution
- Ensures the coordination and exploitation of the results of the technical actions participating in the eCall "toolkit"
- Ensures the high level buying of eCall
  - Within each "constituency"
  - Globally (EU level)
- Reports to :
  - The eSafety environment (Forum, Steering Committee, the European Commission)
- Informs :
  - The eCall "constituencies"
  - Other institutions as needed (European Parliament, ...)
