ICT PSP: Objectives

Key instrument supporting the DAE policy initiative

- **ICT PSP: To drive forward innovation through the wider uptake and best use of ICTs**

- Complements ICT in FP7 that aims at strengthening Europe's leadership role in mastering and shaping the development of ICTs
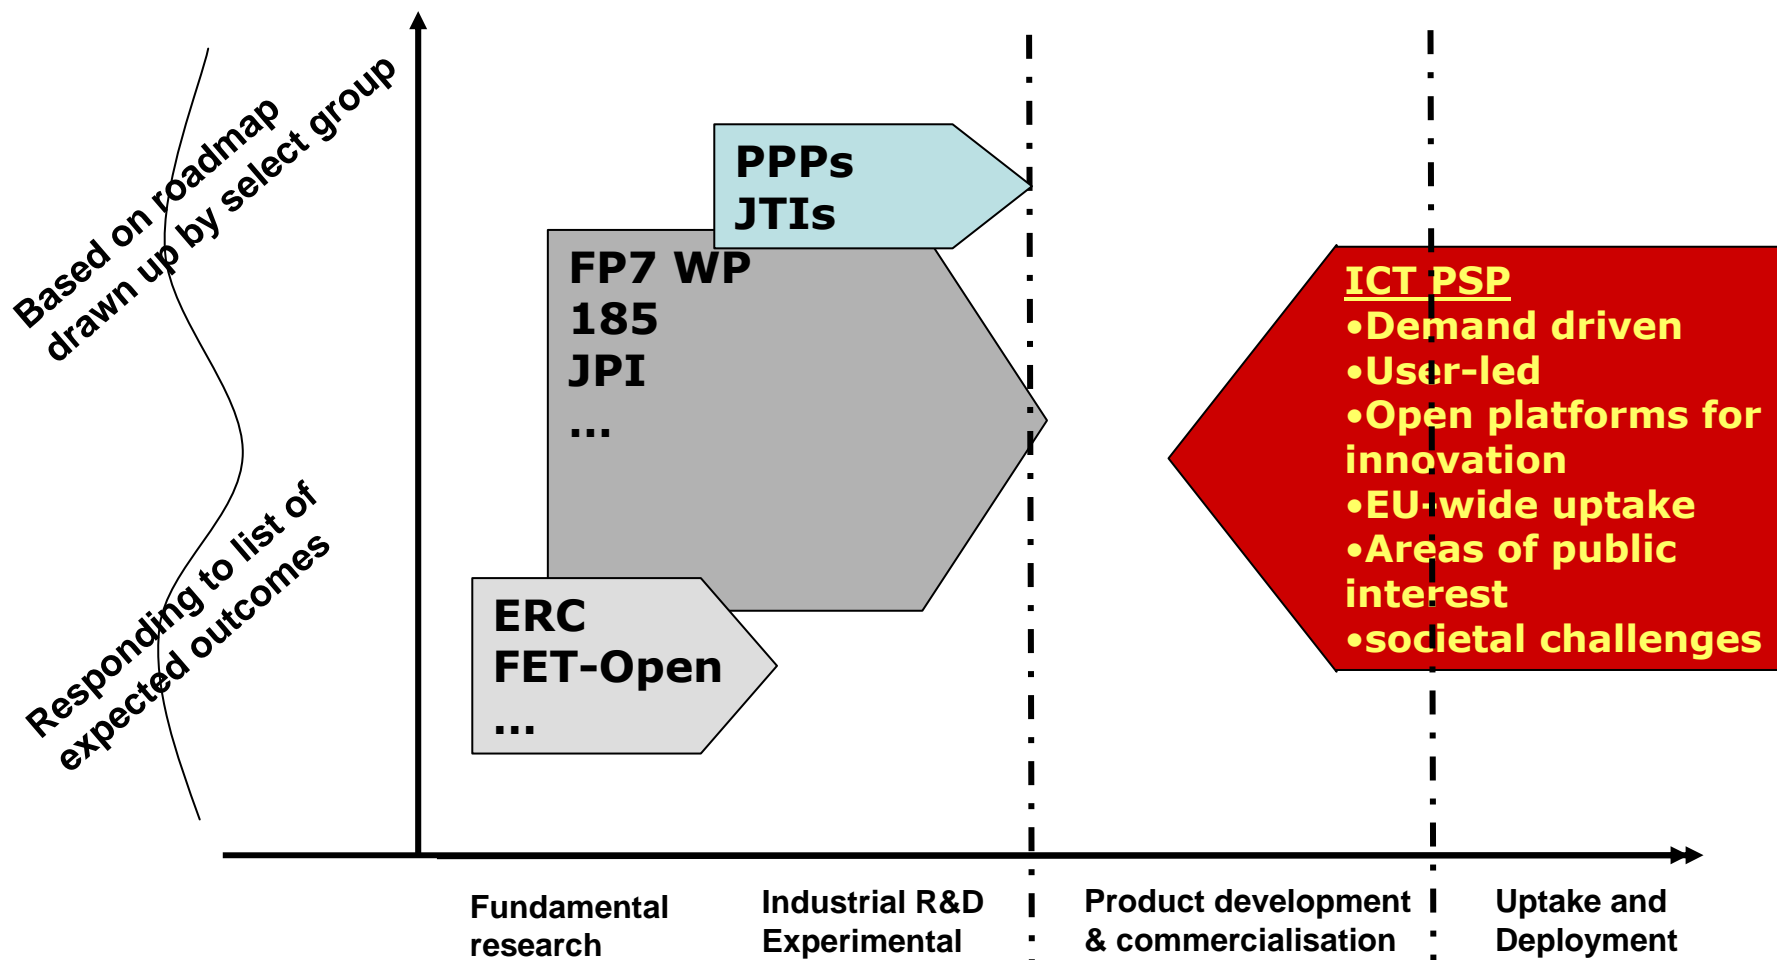

ICT PSP: Three inter-linked goals (legal base)

- **Develop the Digital single market**
- **Support innovation / wide adoption and investments in ICT**
- **Improve quality of services and enable an inclusive Information Society**

Focus on the demand drive for innovation

Based on roadmap drawn up by select group

Responding to list of expected outcomes

PPPs JTIs

FP7 WP 185 JPI ...

ERC FET-Open ...

ICT PSP
- **Demand driven**
- **User-led**
- **Open platforms for innovation**
- **EU-wide uptake**
- **Areas of public interest**
- **societal challenges**

Fundamental research

Industrial R&D Experimental

Product development & commercialisation

Uptake and Deployment

What do we support?

Pilot and testing in real settings

- **Putting users in the lead, demand driven innovation**
- **Significant coverage and size**
- **Supporting policy priorities**

Diffuse widely the results

- **Ensure "replicability" and scalability**

Build on Member States initiatives

- **Share experience**
- **Help develop common approaches**
- **Ensure interoperability**

Prepare for wider actions

- **Consensus and partnership building is essential for interoperability and EU-wide deployment**

Implementation through annual Work Programme

WP defines

- **Objectives to be reached and areas to be covered per year**
- **Budget allocations per year**
- **Funding instruments to be used**
- **Rules for participation**
- **Evaluation criteria**
- **Planning for Call for proposals (>90% of budget)**
- **Calls for tenders and other measures**
