

## BIO

### About Saskia Van Uffelen:

Saskia Van Uffelen graduated in Physical Education. She started her career in 1984 at Business Data Systems. In 1986 she joined the CP Bourg company. Two years later Saskia took up office with Xerox and in 1990 she started working at Compaq/HP. In 2005 she became executive director at HR software company Arinso. In October 2008 Van Uffelen was recruited by Bull as general director for Belux and as CEO for CSB Consulting. She is also the driving force behind "IT is cool", a project promoting better digital skills in education.
