Time	Programme
14:00	Opening Keynotes Digitising European Industry – state of the initiative <ul style="list-style-type: none">• European Commissioner Mariya Gabriel• French Minister of Finances and Economy, Bruno Le Maire• Representative of the Presidency of the European Council
15:00	Panel of National Initiatives: digital innovation for every business in Europe Sharing experience from different Member States, with focus on take-up and diffusion of digital innovations to all businesses. High-level representatives from National Initiatives for the digitisation of industry and business leaders will share their experiences and opinions on the future steps needed to allow every business in Europe to go digital. The panel will be moderated; a question and answer session will be included.
16:00	<i>Coffee break</i>
16:30	Industrial testimonials: success stories from the real world Success stories from digitisation of industry, almost 2 years after the launch of the initiative. Accounts of successful strategies / projects from SME to large corporation with testimonials at CEO level. Introduction and conclusion with presentation of examples of strategies. The panel will be moderated; a question and answer session will be included.

17:30 **Panel of industry leaders : awareness, operational support, financing - the three pillars of digitisation**

Industry leaders from different European countries discuss ideas and best practices on:

- how to make CEO aware of the importance and potential of digital technology
- how to support SME in their digital projects
- how to bring a financial support to help carry out those projects

The panellists will identify next steps and possible joint actions.

The panel will be moderated; a question and answer session will be included.

18:30 **Tomorrow is here**

A high-level personality will discuss how digital technologies will affect the industry and the society, describing a vision for the future of digital technology in Europe.

19:00 **Social dinner and networking**

The dinner will be an opportunity to meet other stakeholders, network, and exchange experiences and opinions.
