

# Working Method for the afternoon

## Two workstreams:

*1. Code of conduct for porting data and switching cloud service providers.*

*2. EU Cloud security certification scheme*

- Participants will be divided into two groups.
- Both groups will work on both issues.

# Group Division

- Purple block on your badge? Group A!
- Group A = Passage Room (follow signs)
  - Demand side of cloud value chain
- Group B = Plenary Room
  - Supply side of cloud value chain
- Room division remains unchanged during both breakout sessions.

# Timetable of the afternoon

## **GROUP A**

13:00-14:15 - Code of conduct for porting/switching

14:45-16:00 – Cloud security certification scheme

## **GROUP B**

13:00-14:15 – Cloud security certification scheme

14:45-16:00 – Code of conduct for porting/switching

**14:15-14:45 – Coffee break**

# Expected output

4 drafts:

Group A – codes of conduct for porting/switching

Group B - codes of conduct for porting/switching

Group A - cloud security certification scheme

Group B - cloud security certification scheme

Drafts will:

→ Reflect outcomes of discussions

→ Present a global group position on the topic

→ Allow indication of diverging positions.

## Expected output (ii)

*The drafts represent the starting point on which further work will be conducted (during the dedicated webinars).*

*The questions presented in the Commission's input papers will serve as a discussion compass.*

## Discussion of outcomes

*Rapporteurs (expert contractors) will moderate the discussion and facilitate the drafting of the texts during the discussions.*

*The texts will be visible to the participants on-screen.*

*The rapporteurs will present the outcome drafts during a plenary discussion at the end of the day.*

# Rapporteurs

*Codes of conduct for porting/switching:*

**Arthur van Wees (Arthur's Legal)**

*Cloud security certification:*

**Leire Orue-Echevarria Arietta (TecNalia)**

European  
Commission

**Lunch time!**
