1. INTRODUCTION

This call for proposals for one or several action grant(s) is based on the 2014 annual work programme¹ of the Pilot Project “Knowledge platform for professionals dealing with female genital mutilation”. It aims to **co-fund one or several transnational projects** that are proposing to develop a web-based knowledge platform on female genital mutilation (FGM).

Proposals should aim to produce results with **EU added value**.

This call is expected to co-finance preferably one single project, covering at least 10 of the most affected EU Member States and involving organisations from at least 3 participating countries.

Organisations interested to submit applications are strongly encouraged to study the detailed terms and conditions set out in this call for proposals and in the Guide for Action Grants published together with this call and constituting an integral part of the conditions of the call.

2. PRIORITIES AND ACTIVITIES TO BE FUNDED

In its Strategy for Equality between Women and Men 2010-2015², the European Commission committed itself to continue and step up its activities in the field of gender equality in six priority areas, including dignity, integrity and ending gender-based violence, with a specific reference to FGM. Recent developments concerning FGM at the European level include the European Parliament resolution of 14 June 2012 on ending female genital mutilation³, and the Resolution of 6 February 2014⁴ 2014/2511(RSP) on the European Commission Communication entitled ‘Towards the elimination of female genital mutilation’, which call for intensified efforts to tackle the issue within and outside the EU. This Communication⁵ adopted in November 2013 sets out the EU's internal and external measures to develop a better understanding of the practice, to prevent female genital mutilation, to support the victims, and to protect women at risk both in the European Union and in those parts of the world where this crime is perpetrated.

Proposals shall complement the efforts of the EU in the area of FGM. Duplications of already existing initiatives will not be funded. All proposals have to explain and demonstrate how they are aligned with the respective EU policies and with the documents referred to above. The degree of relevance to the priority of the call for proposals will be assessed under the relevance award criterion.

¹ Commission Implementing Decision of 11 09 .2014 concerning the adoption of the work programme for 2014 of 3 Pilot Projects, “Knowledge platform for professionals dealing with female genital mutilation”, “Capacity building for Roma civil society and strengthening their involvement in the monitoring of National Roma Integration Strategies” and “Raising awareness of children to be aware of their rights in judicial procedures” under C(2014) 6309.

2.1 Priority

The European Parliament has asked the European Commission to implement a pilot project with a view to:

- developing a web-based knowledge platform on female genital mutilation (FGM), which will gather easily accessible information and support to professionals, deliver victim support more effectively, help prevent FGM and protect women and girls living with or at risk of FGM;
- contributing to the implementation of the directive on the rights of the victims of crime⁶ and the directive on international protection in particular on qualification⁷ and reception conditions⁸;
- improving knowledge of the practice, preventing stigmatisation in the media and protecting women and girls living with or at risk of FGM.

2.2 Description of the activities to be funded

Through this call for proposals, the European Commission will support preferably one single project aimed at:

2.2.1 The development and maintenance of an online platform including:

- (a) e-learning course on the different aspects of FGM

Specific objective: upon completing the course, those who have followed it should have an in-depth factual knowledge of FGM. They should furthermore be able to identify girls and women at risk of FGM. They should also know how to ensure girls' and women's protection and how to support victims effectively and respectfully. The course should therefore include at least: definitions, origin, prevalence, sociocultural context, consequences, legal aspects, link to gender equality, human rights, child's rights, etc. A gender and culture-sensitive approach is required.

The target groups for this course should primarily be professionals potentially in contact with girls and women at risk or victims of FGM:

- persons working in the health sector (e.g. nurses, doctors, gynaecologists or midwives);

⁶ Directive 2012/29/EU establishing minimum standards on the rights, support and protection of victims of crime <http://eur-lex.europa.eu/LexUriServ/LexUriServ.do?uri=OJ:L:2012:315:0057:0073:EN:PDF>

⁷ Directive 2004/83/EC on minimum standards for the qualification and status of third-country nationals or stateless persons as refugees or as persons who otherwise need international protection and the content of the protection granted

<http://eur-lex.europa.eu/LexUriServ/LexUriServ.do?uri=CELEX:32004L0083:en:HTML>

and Directive 2011/95/EU on standards for the qualification of third-country nationals or stateless persons as beneficiaries of international protection, for a uniform status for refugees or for persons eligible for subsidiary protection, and for the content of the protection granted (recast) (applicable from 21 December 2013)

<http://eur-lex.europa.eu/LexUriServ/LexUriServ.do?uri=OJ:L:2011:337:0009:0026:EN:PDF>

⁸ Council Directive 2003/9/EC laying down minimum standards for the reception of asylum seekers <http://eur-lex.europa.eu/LexUriServ/LexUriServ.do?uri=OJ:L:2003:031:0018:0025:EN:PDF> and Directive 2013/33/EU laying down standards for the reception of applicants for international protection (recast) (applicable from 21 July 2015)

<http://eur-lex.europa.eu/LexUriServ/LexUriServ.do?uri=OJ:L:2013:180:0096:0116:EN:PDF> .

- persons working in law enforcement and in the judiciary (e.g. police officers, lawyers or judges);
- persons working in the child protection system (e.g. social workers, child care workers);
- persons working in education (e.g. teachers and educators);
- persons working in the asylum and migration sector (e.g. asylum officials or legal officers);
- the media.

Activities: The project should focus on developing cost-free, user-friendly, interactive, easy-accessible, online course modules. The course should consider available materials and trainings, and find a way of integrating these materials or ensuring links, so as to avoid duplication. The content should be relevant for all EU Member States and it should be available in the official languages of the EU Member States where communities affected by FGM live (covering at least 10 of the most affected EU Member States). The different modules should be tailored to the different needs of the target groups.

(b) country specific information pages

Specific objective: Develop easily accessible information relevant to different groups needing immediate advice or general knowledge on FGM.

Target groups: Professionals potentially in contact with women or girls at risk of FGM, as listed above (2.2.1 (a)); women and girls affected by FGM;

Activities: develop webpages with country specific information including relevant legislation (national legislation and EU legislation), prevalence, relevant organisations or contact points, support services for victims and, if available, guidelines for professionals. Those pages should be available for the EU Member States where communities affected by FGM live, in the official languages of those countries (covering at least 10 of the most affected EU Member States).

Maintenance of this online platform (2.2.1 a) and 2.2.1 b)) should also be ensured, once it has been completed and launched. Throughout the duration of the project regular updates to make sure information is relevant and up-to-date, as well as its proper technical functioning, need to be included.

2.2.2 The dissemination of the above-mentioned platform

The proposals should include at least:

- a clear dissemination strategy and implementation plan demonstrating how the applicant will ensure that the various target groups are made aware of the existence of the platform and use it, focusing on relevant EU-countries where women and girls affected by FGM live⁹. Relevant Ministries dealing with FGM in these countries should also be informed. A planning should be included of how the dissemination strategy will be implemented. This should include different milestones: how and when the various target groups will be contacted and the ensuring of regular follow-up throughout the duration of the project. Indicators for measuring the success of the dissemination strategy should be included.

⁹ focusing on the countries covered by the on-line platform 2.2.1.(a) and (b).

- a description of how the most relevant stakeholders will be actively involved in the project. These stakeholders should include as a minimum, leading national NGOs specialised in FGM, representatives of some of the target groups mentioned under 2.2.1 a), representatives of the media, academic experts on FGM, government experts on FGM, relevant international organisations. The description should cover how it will be ensured that these stakeholders will provide their input into the development of the project and how this input will be taken into account.

2.2.3 The monitoring and evaluation of the platform

The preparation, development, implementation and maintenance of the platform should be carefully monitored. The results of the project should be evaluated, in particular in view of a follow-up by the European Commission.

Proposals under all priorities must make provisions to document the number of persons reached, provide anonymised data disaggregated by gender and by age and must describe in their grant application how this will be done.

The following types of activities will not be funded by the Commission:

- individual sponsorships/scholarships for participation in workshops, seminars, conferences, congresses, training courses etc.;
- activities supporting individual political parties;
- provision of financial support to third parties;
- legal actions before national or international courts regardless of their grounds or objectives.

3. BUDGET AVAILABLE

The indicative available budget under this call for proposals is EUR 900.000:

The Commission reserves the right not to award all available funds, depending on the projects received and the outcome of the evaluation procedure.

4. EVALUATION PROCEDURE

All applications are subject to an evaluation process involving five sets of criteria. Firstly, the evaluators will check whether your submission complies with all the formal requirements (admissibility, exclusion and eligibility criteria). If you are rejected at this stage, you will receive a letter from the Commission stating the reasons for the rejection. If your application is admissible and eligible, it will be accepted for further assessment and you will not receive any information at this stage.

Applications that successfully pass this first stage will be subject to the verification of operational and financial capacity (selection criteria), and they will be evaluated on the basis of the award criteria mentioned in the call. For the verification of the selection criteria the evaluators, based on the documents submitted, will check whether your organisations have enough financial, human and operational resources to carry out the activities described in *Annex 1*. For the evaluation of the award criteria the evaluators will assess your proposal on its merits against the award criteria, giving points to each proposal.

Proposals will be evaluated by an evaluation committee composed of Commission staff. The committee may be assisted by external experts. The submitted proposals will be evaluated solely on the basis of the criteria outlined below.

4.1. Admissibility requirements

To be admissible applications must comply with all of the following criteria:

- (a) Applications must be submitted no later than the deadline for submission referred to in section 8.
- (b) Applications must be submitted using the online application tool of Directorate-General Justice (PRIAMOS).
- (c) Applications must be submitted using the standard PRIAMOS Grant Application Form. They must include all the mandatory information and be accompanied by all the compulsory documents and annexes requested under section 7.3 of this call for proposals.

4.2. Eligibility criteria

To be eligible, applications must fulfil all of the following criteria.

4.2.1. Eligibility of the applicant and of the partners

Applicants and partners must comply with the following requirements:

- (a) **Legal status:** Applicants and partners must be legally constituted public or private organisations, or international organisations.

Bodies set up by the European Union falling under Article 208 of the Financial Regulations (EU bodies and institutions) are not eligible for funding and cannot submit applications. They can be associated to an application, but their costs will not be co-financed.

Only legally constituted organisations can participate. Natural persons (private individuals) are not allowed to submit applications.

- (b) **Non-profit:** The applicant must be non-profit-oriented. This will be assessed on the basis of the statutes of the organisation, in particular whether those allow for the possibility to distribute profit to members/shareholders. Bodies and organisations which are profit-oriented shall have access to grants only as partners.
- (c) **Eligible country:** Applicant and partners must be legally established in an EU Member State. This is not applicable for International organisations.

4.2.2. Eligibility of the application

- (a) The project must be transnational and must be submitted by a partnership of eligible organisations (i.e. applicant and partners¹⁰) from at least three different eligible countries as referred to under section 4.2.1 of this call notice;
- (b) The EU grant requested cannot be lower than EUR 75 000. There is no upper limit.
- (c) Projects must not have started prior to the date of submission of the grant application.

4.3. Exclusion criteria

4.3.1. Exclusion from participation

Organisations (i.e. applicant and partners) will be excluded from participating in this call for proposals if they are in any of the following situations:

- (a) they are bankrupt or being wound up, are having their affairs administered by the courts, have entered into an arrangement with creditors, have suspended business activities, are the subject of proceedings concerning those matters, or are in any analogous situation arising from a similar procedure provided for in national legislation or regulations;
- (b) they or persons having powers of representation, decision making or control over them have been convicted of an offence concerning their professional conduct by a judgment of a competent authority of a Member State which has the force of res judicata;
- (c) they have been guilty of grave professional misconduct proven by any means which the contracting authority can justify including by decisions of the EIB and international organisations;
- (d) they are not in compliance with their obligations relating to the payment of social security contributions or the payment of taxes in accordance with the legal provisions of the country in which they are established or with those of Belgium or those of the country where the grant agreement is to be performed;
- (e) they or persons having powers of representation, decision making or control over them have been the subject of a judgment which has the force of res judicata for fraud, corruption, involvement in a criminal organisation, money laundering or any other illegal activity, where such an illegal activity is detrimental to the Union's financial interests;
- (f) they are currently subject to an administrative penalty referred to in Article 109(1) of Regulation (EU, EURATOM) No 966/2012 of the European Parliament and of the Council of 25 October 2012 on the financial rules applicable to the general budget of the Union (Financial Regulation)¹¹.

¹⁰ Any associate partners participating in the project are not counted for the purposes of this criterion.

¹¹ OJ L298, 26.10.2012, p.1.

4.3.2. Exclusion from award:

Organisations (i.e. applicant and partners) will not be granted financial assistance if, in the course of the grant award procedure, they:

- (a) are subject to a conflict of interest;
- (b) are guilty of misrepresentation in supplying the information required by the Commission as a condition of participation in the grant award procedure or fail to supply this information;
- (c) find themselves in one of the situations of exclusion, referred to in section 4.3.1.

Administrative and financial penalties may be imposed on applicants who are guilty of misrepresentation.

4.4. Selection criteria

4.4.1. Financial capacity

Applicant and partners must have stable and sufficient sources of funding to maintain their activity throughout the period for which the grant is awarded and to participate in its funding.

For this purpose the applicant must present its balance sheets and profit and loss accounts for the last two years available. If the share of a grant requested by an organisation (applicant or partner) exceeds EUR 750 000,¹² this organisation must submit an audit report certifying its accounts for the last closed financial year.

The following elements will be taken into account, among others, to assess the applicant's financial capacity:

- The applicant's dependency on EU financing;
- The applicant's deficit of the previous financial years;
- The applicant's revenue of the previous financial years;
- The auditor's findings in the audit report (when applicable).

If the Commission considers that the financial capacity is not satisfactory, it may request further guarantees or impose risk mitigation measures (e.g. reduced or no pre-financing, bank guarantee covering the amount of pre-financing payment), or reject the application.

Please note that the financial capacity shall not be verified for public bodies or international organisations.

In case of applications submitted on behalf of a partnership, partners declare on their honour in the partner declaration that they possess financial capacity to implement the

¹² See the calculation in the Grant Application Form, section 1.5, column *Value of EU Contribution Expected*.

project. The Commission reserves the right to request financial documents also from partners.

4.4.2. Operational capacity

The applicant and partners must have sufficient operational and professional capacities to implement the activities for which co-funding is requested.

The applicant and the partners must prove expertise in FGM (theory and also practical knowledge from working with victims) in the EU and third countries where FGM is practiced; as well as expertise in the development of relevant trainings. The team should also include, amongst others, experts in the elaboration of training courses as well as specialised and technical staff for the development of the online platform.

For this purpose the applicant must present CVs of key staff involved in the project (employed by the applicant and the partners), who must have the necessary education, skills, experience and capacity to carry out the tasks that are assigned to them during the project. The applicant must also provide its annual technical/narrative reports for the last available year.

Applicants may not be awarded a grant if they fail to demonstrate that they have the capacity, the experience and the expertise necessary for the successful implementation of the proposed activities.

4.5. Award criteria

The award criteria aim to ensure the selection of actions with a high inherent quality, which contribute as much as possible to the priorities of this call in a cost-effective manner. Synergies and complementarities with other Union instruments and programmes shall be sought and overlaps and duplications with existing activities avoided.

Applications will be assessed against the following criteria:

a) Relevance to the call priorities: 25 points

Relevance of the action and its objectives to the priorities of the call for proposals, as described under section 2 of this call notice, relevance of the issues addressed by the project, contribution of the proposal to the priorities, and complementarity with other Union activities, avoiding duplication with projects funded by other Union programmes.

b) Quality of the proposed action: 25 points

Quality in terms of the proposed methodology for implementing the activities; the organisation of work, the allocation of resources and the time schedule; the appropriateness of the envisaged activities; the strategy for monitoring of the project implementation and the proposed evaluation; the identification of risks and the measures to mitigate them; the identification of ethical issues and the proposed action to address them.

c) European added value of the project: 10 points

The European added value of the project shall be assessed in the light of criteria such as its contribution to the consistent and coherent implementation of Union law and policies

and to wide public awareness about the rights deriving from it, its potential to develop mutual trust among Member States and to improve cross-border cooperation, its transnational impact, its contribution to the elaboration and dissemination of best practices or its potential to create practical tools and solutions that address cross-border or Union-wide challenges.

d) Expected results, dissemination, sustainability and long-term impact: 30 points

How appropriate are the expected results to achieve the objectives of the action (including covering at least 10 of the most affected EU Member States)? Is there a long-term impact of these results on the target groups and/or the general public? A clear, targeted and appropriate dissemination strategy, which will ensure that the results and/or lessons learnt will reach the target groups and/or the general public.

Sustainability of the activities after the EU funding will be a major concern under this call. The online platform should be developed with a possibility of maintaining it beyond the duration of the project.

e) Cost-effectiveness: 10 points

Financial feasibility of the proposed activities by means of a realistic and reasonable budget. Appropriateness of the amount requested in relation to the scale and type of the activities, to the expected results and to the size of the partnership. Appropriateness of management and coordination costs.

As a result of the evaluation carried out against the above award criteria the proposals will be ranked according to the points attained. The list of awarded projects will be established based on the amount of budget available.

Proposals not attaining an individual score of 18 points for the relevance criterion and an overall score of 70 points will not be considered for the award of a grant even in case the available budget is not consumed fully.

Once the evaluation procedure is completed, the Commission will adopt a formal award decision indicating selected and rejected proposals published on DG Justice's Website and then send a letter informing each applicant of the final decision taken, including reasons for rejection, where applicable. Please note that the award decision does not represent a legal or financial commitment on the part of the Commission. The award of each grant is subject to the conclusion of a Grant Agreement in writing.

After the award decision has been adopted, the Commission will prepare the Grant Agreements for the selected applications (including dialogue with the Applicant concerning any necessary technical and financial adjustments).

Experience shows that usually the number of the proposals scoring above the minimum threshold of 70 points exceeds the number of the projects that can be funded from the available budget.

Therefore, the Commission reserves the right to set up a reserve list in addition to the award list. Proposals placed on the reserve list may receive funding should additional funding become available after the adoption of the award decision. This typically happens if an awarded project is cancelled or withdrawn or if grants amount is reduced

during the budget review of awarded projects. In this case the Commission will contact the applicant of the project ranked highest on the reserve list.

5. ADMINISTRATIVE AND FINANCIAL PROVISIONS

5.1. Number of applications and grants per applicants

Applications for several projects

The applicant may submit more than one application under this call for proposals.

The applicant may be awarded more than one grant under this call for proposals.

An organisation may participate as applicant, partner or as associate partner in several applications.

Organisations participating in several projects shall have sufficient financial and operational capacity to implement multiple actions.

Several applications for the same project

Only one application will be accepted and evaluated for any given project. If the applicant submits more than one version of the application package or of documents contained therein under the same application number, only the latest version submitted will be taken into consideration. In case there are several applications for the same project with different application numbers, the applicant will be asked to clarify which application shall be evaluated.

An action may receive only one grant from the EU budget.

5.2. Start date and duration

Projects should be scheduled to start after the Grant Agreement is signed. (See section 8 - Timetable). The actual start date of the project will be the date agreed by the Commission during the preparation of the Grant Agreement.

Starting the project before the signature of the Grant Agreement will be accepted only under exceptional circumstances, where the applicant can demonstrate the need to start the action before the Grant Agreement is signed.

A project that has already started before the date the grant application was submitted is not eligible for funding (see section 4.2.2.c).

The initial duration of the projects should not exceed 24 months.

5.3. Financial provisions

The funding under this call is based on the co-financing principle: the grant cannot constitute more than 80% of overall eligible project costs. The beneficiaries should ensure that the outstanding balance is covered from sources other than the EU budget (own resources of beneficiaries, contributions by donors, income generated by the project). The project budget must have revenue and expenditure in balance.

Contributions in kind

Contributions in kind mean the provision of goods or services to a beneficiary(ies) or free of charge by a third party. As contributions in kind do not involve any expenditure for a beneficiary(ies) they are not eligible costs.

Contributions in kind may not be treated as co-financing. However, if the description of the action as proposed includes contributions in kind, the contributions have to be made.

Non-profit rule

EU grants may not have the purpose or effect of producing a profit within the framework of the action. Profit shall be defined as a surplus of the receipts over the eligible costs incurred by the beneficiary, when the request is made for payment of the balance. In this respect, where a profit is made, the Commission shall be entitled to recover the percentage of the profit corresponding to the Union contribution to the eligible costs actually incurred by the beneficiary to carry out the action. More details are provided in the Guide for Action Grants.

Sub-contracting and implementing contracts

If the beneficiaries have to conclude contracts with third parties in order to carry out a limited part of the activities, it shall justify this working method in the *Annex 1 – Project description and Implementation Form* and duly respect the rules set out in the Guide for Action Grants, in the section on award of contracts. As a general rule, subcontracting shall be limited to 30% of the total eligible costs. If this threshold is exceeded in the budget estimate, the applicant shall provide justification, which shall help the Commission to assess whether the exception can be accepted.

Estimated budget

Before signature of a grant agreement, the estimated budget submitted by the applicant is subject to a review. If problems such as arithmetical errors, inaccuracies, unrealistic costs and ineligible costs are identified, the Commission may request clarifications and/or may impose modifications or reductions to address such mistakes or inaccuracies. It is not possible to increase the grant as a result of these corrections.

It is therefore in the applicant's interest to provide a realistic and cost-effective budget.

If the amount of the grant is lower than the amount requested, it is the responsibility of the beneficiaries to find the additional amount required to cover its co-financing share or to reduce the total cost of the project.

Grant Agreement

Grants awarded shall be governed by a written agreement. The agreement is a standard agreement; its terms and conditions may not be altered and are not subject to negotiation.

As the projects will involve a partnership, the coordinator will be requested to sign a multi-beneficiary grant agreement. More information is available in the Guide for Action Grants.

The Grant agreement templates are published on the webpage of the call for proposals.

VAT

Please note that new rules concerning eligibility of VAT entered into force on 1 January 2013. The change concerns more particularly public entities. Applicants should refer to the Guide for Action Grants for more detailed information.

6. KICK-OFF MEETING

The Commission intends to organise a one-day "kick-off" meeting in Brussels for successful applicants. The meeting will focus on project management, administrative and financial aspects as well as reporting obligations.

If necessary, applicants should include return travel to Brussels and subsistence costs for up to two representatives in their estimated project budget. A single overnight stay should be sufficient.

The meeting should be attended preferably by the project coordinator and the financial coordinator.

7. PROCEDURE FOR SUBMISSION OF PROPOSALS

7.1. Procedure for submission of applications

This call is managed via **PRIAMOS**, an on-line system for the submission of applications.

Applicants first need to register and obtain a login and password to access the system. This should be done as soon as a decision is taken to participate in this call.

Applications must be submitted, in their entirety, through PRIAMOS. No applications (partial or entire) submitted on paper, fax or e-mail will be considered.

Information and guidance on how to register and submit your application via PRIAMOS can be found on the following website:

http://ec.europa.eu/justice/grants1/priamos/index_en.htm

The Grant Application Form and its annexes may not be modified after the deadline for submission. The functions allowing the downloading of blank Grant Application Forms and the uploading of completed Application packages will be disabled at the deadline. However, applicants will be able to access the application they submitted at any time after the deadline.

Please note that, although the PRIAMOS system is able to deal with a lot of applications at the same time, it is advisable not to wait until the last moment to register on the system and submit your application. Applicants are advised to verify that their registration details in PRIAMOS are up-to-date. Contact details are uploaded directly into the application form and, in case of a successful application, used when preparing the grant agreement.

No extension of the deadline will be granted. No application will be accepted if the upload of the application package fails due to reasons which are beyond the Commission's control.

7.2. Grant Application Form

The Applicant will be able to download the specific **Grant Application Form** mandatory for this call once it has registered in PRIAMOS.

IMPORTANT NOTE:

Applicants should select the Grant Application Form that is relevant to the call under which they want to apply.

The reference in PRIAMOS for this call for proposals is:

JUST/2014/RPPI/AG/FGMU

If an application form is void of data other than that downloaded automatically from the registration details held in PRIAMOS, it shall be considered that no application has been made.

By submitting the Grant Application Form, applicants electronically sign declarations on their honour certifying that they are not in one of the situations referred to in Articles 106(1) and 107 to 109 of the Financial Regulation applicable to the general budget of the Union, that they fulfil the eligibility criteria and that they have the required the financial and operational capacity to carry out the proposed activities.

By signing the partner declaration, the partners make the same declaration.

7.3. List of required annexes

The mandatory templates for *Annex 1- Project Description and Implementation Form*, *Annex 2 – Budget* and *Annex 3 – Partner/Associate Partner Declaration* will be available in PRIAMOS as attachments to the *Grant Application Form*. No mandatory templates are set for the rest of the Annexes.

The Commission reserves the right not to take into account documents that were not requested. In particular, the Commission will not accept a project description that is not presented on the set template or partly presented in a different document.

All the annexes must be attached to the Grant Application Form. An application is considered complete only if all the necessary annexes have been provided. If no annex is provided, the application will be rejected right away.

ANNEXES

(to be submitted, when applicable, by any organisation, applicant or partner)	must submit an audit report certifying its accounts for the last closed financial year, produced by an approved external auditor. This audit report has to be submitted even in case the organisation is not obliged to prepare such report under the applicable national legislation.
Annex 6. Annual Activity Report for the last available year	<u>No</u> mandatory template is imposed. The Annual Activity Report shall describe the activities the applicant carried out during 2013. The report should be detailed enough to allow the verification of the organisation’s aims and activities and its operational and professional capacity. If the annual activity report for 2013 has not been approved yet by the responsible body/management entity of the organisation, the applicant shall submit the draft version of the report certified by the legal representative of the organisation. If no such document exists at all, the document should be drafted for the purpose of the application and certified by the legal representative of the organisation.
Annex 7. Curriculum vitae	The Commission strongly suggests that CVs are presented in the EUROPASS CV format ¹⁴ ; however, organisations are free to submit these CVs in any other format. CVs should preferably be grouped in one file per beneficiary, rather than uploaded individually. The project team should be described and the key staff should be listed in the relevant section of Annex 1. In case no person is recruited for a key job at the stage of application please provide the description of the profile or job description.

Annexes 4, 5 and 6 are not requested at the stage of application if the Applicant is a **public body** (i.e. a body governed by public law, e.g. public authorities at local, regional or national level) or a university.

If the documents requested as Annex 4, 5 or 6 are available on the applicant’s website, a link to the documents can be provided, instead of the documents. The link(s) should be indicated on a separate sheet to be annexed to the Grant Application Form called “Annex [4/5/6]”, as appropriate. It is the applicant’s responsibility to ensure that the links are correct and working. Please note that a general link to the applicant’s website is not sufficient. Additional information and documents may be requested from applicants and partners.
