

CLARIFICATIONS

- Budget: please can you confirm the €1.5 million is the maximum total grant value and the 30% match funding to be provided by the applicant is on top of it or is included in the €1.5 million?

Yes, we can confirm that the 1.5 million euro is the maximum amount of the grant that can be awarded.

That would bring the potential total project cost to 2.142.857 euro (= 70% of 2.142.857 is 1.500.000).

Of course, the total project cost could be higher or lower than this; the EC will still fund 70% of the total project cost up to a maximum ceiling of 1.500.000 euros.

- Match funding: if applying as a consortium, is the 30% match funding requirement to be provided at consortium level based on the overall project budget or do all co-applicants have to individually provide 20% of their own share of the budget?

The EC funding rate of 70% is applied to the cost borne by each individual consortium participant and not to the consortium as a whole.

So the 30% co-funding must be provided by each co-applicant.
