- [Events](#) [1]

A brokerage event on Energy and Environment is organised by J'innove network, the Regional council of the Nord-Pas de Calais with the support of Entreprise Europe Network and the Tandem Interreg project France-Wallonie-Vlaanderen.

The aim of this event is to connect the research and innovation stakeholders willing to participate at the Energy and Environment challenges of Horizon 2020 framework program. The participants will have the opportunity to meet and discuss about their project ideas. This event will allow you to make new contacts and find partners! The brokerage event is also an opportunity to meet European projects experts (research centres, funding opportunities and support for the project) during B2B meetings or in stands. The aim of bilateral meetings (B2B) is to give space to the participants for a discussion about opportunities for collaboration in the field of energy and environment.

Date:

09/10/2014 - 02:00

Venue:

Lille
