FET Newsletter edition May 2014 published:

<http://bit.ly/1omxLGx> [1]

This FET Newsletter highlight is on :

- the [FET Consultation](#) [2]: looking for new FET Proactive topics,
- reminder of the [Information Day, focused on the Coordination and Support Activities Call](#) [3] (Brussels - 16 May 2014),
- the Research Executive Agency (REA) that will be managing FET Open Projects in H2020.

As always the FET newsletter also reports major results and achievements of ongoing projects and initiatives (videos, press releases, past and future events)
