The European Commission, Ideal-ist, the network of National Contact Points for ICT, and the COFET project are organising a series of events on Future and Emerging Technologies in Horizon 2020. The series will start with an information day and consortium building event addressing the FET Open and FET High Performance Computing calls for proposals.

See the [agenda](#) [2] of the FET Open and FET HPC InfoDay and Consortium Building event, on 25 June.

On 26 June, the [COFET](#) [3] project is hosting a workshop to develop future collaborations strategies and topics in FET and highlight areas of research excellence in the EU13. See also this [article](#) [4] for further information.
