1. PEOPLE WITH DISABILITIES AND DIFFICULTIES OF ACCESSIBILITY FACED IN DAILY LIFE

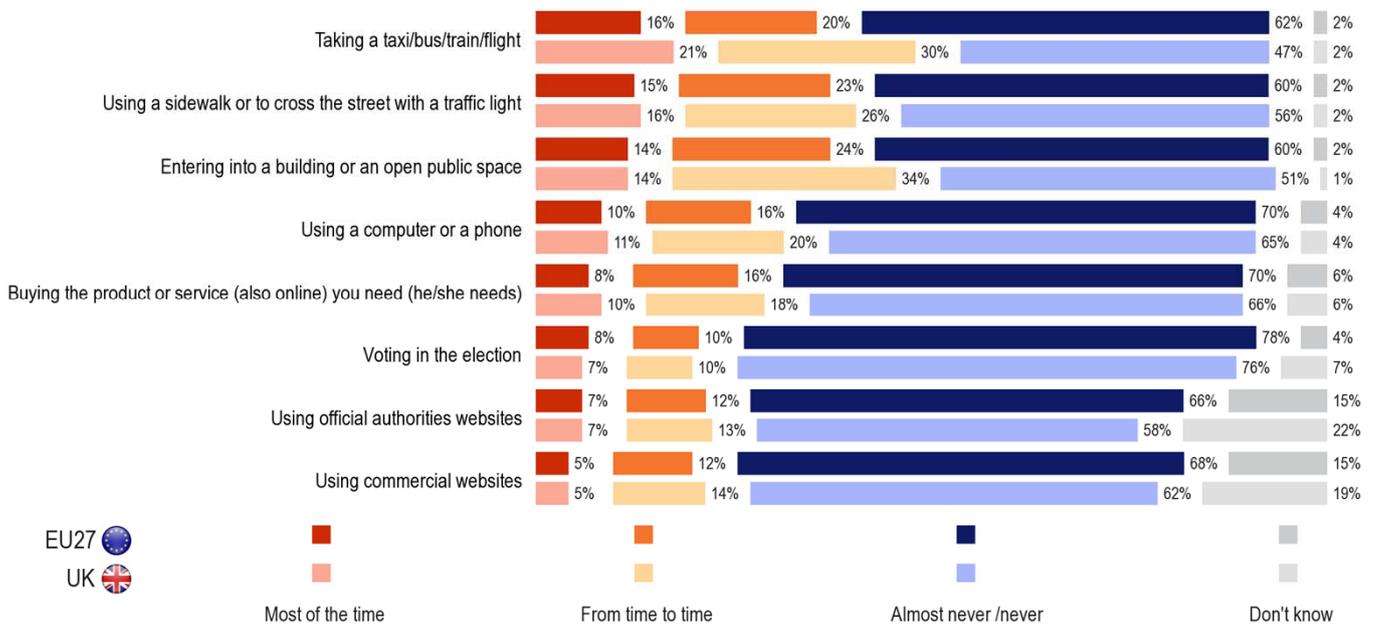

Q1. Do you or someone in your household have any longstanding illness or health problem which has lasted, or is expected to last, for 6 months or more?

Q4. To what extent do you agree that barriers to accessibility make it more difficult for people with a disability to attend schools, to have a job, to vote and/or to freely move around, go on holidays?

Q6. Have you and/or someone from your household who has some kind of disability ever experienced difficulties in any of the following:

2. PERCEPTIONS OF IMPROVED ACCESSIBILITY AND BENEFITS IN REMOVING BARRIERS

Q7. Do you think that having common rules on accessibility in the EU will make it easier for companies to operate in another EU country?

Q8. Do you think that you or your family would buy more or pay more for products if they were more accessible and better designed for all (including people with disabilities and the elderly)?

Q9. Please tell me to what extent do you agree with the following statements regarding people with disabilities:
