

QUESTIONS AND ANSWERS

Subject: Call for tender by open procedure No 2010CE160AT047

(1) **Question:**

We are proceeding with the financial offer preparation but come to an issue that could prevent us from proceeding further in the response: when calculating the per diem for the participants from Ukraine on a basis of 25 participants, at the EC rate (232 € per day) for 15 days, we reach an amount of 87.000€ this amount already exceeds the maximum of 80.000€ per information session –remains still to add all the expenses for travels, infrastructure of the training (rooms, interpretation cabins...) the team (interpreters, translators, experts...).

Can you please clarify this issue of budget?

Answer:

The text of the tender does not foresee any per diem for participants, just reimbursement of the flights, transport and meals.
