European Commission

DIRECTORATE-GENERAL FOR RESEARCH AND INNOVATION (RTD)

Public Consultation:

Horizon 2020 "Science with and for Society"

Work Programme 2016-2017

Fields marked with * are mandatory.

The objective of the Part V of Horizon 2020 'Science with and for Society' is: "to build effective cooperation between science and society, to recruit new talent for science, and to pair scientific excellence with social awareness and responsibility". To that end, it indicates that the focus will be on the following 8 specific activities:

a) make scientific and technological careers attractive to young students, and foster sustainable interaction between schools, research institutions, industry and civil society organisations;

b) promote gender equality, in particular by supporting structural changes in research institutions and in the content and design of research activities;

c) integrate society in science and innovation issues, policies and activities by incorporating the needs and values of citizens, thereby increasing the quality, relevance, social acceptability and sustainability of research and innovation outcomes in various fields of activity, from social innovation to areas such as biotechnology and nanotechnology, etc.

d) encourage citizens, including children and youth, to engage in science through formal and informal science education, and promote the diffusion of science-based activities, namely in science centres and through other appropriate channels;

e) develop the accessibility and the (re-)use of the results of publicly-funded research;

f) develop the governance for the advancement of responsible research and innovation by all stakeholders (researchers, public authorities, industry and civil society organisations), which is sensitive to the needs and demands of society, and promote an ethics framework for research and innovation;

g) take due and proportional precautions in research and innovation activities by anticipating and assessing potential environmental, health and safety impacts;

h) improve knowledge on science communication in order to enhance the quality and effectiveness of interactions between scientists, general media and the public.

The aim of this consultation is to obtain views and contributions from a broad constituency on the potential priorities for the 'Science with and For Society' work programme part covering the period 2016-2017. These contributions will complement the opinion provided by an External Advisory Group of high level experts set up by the Commission according to article 12 of Regulation (EU) No 1291/2013 establishing Horizon 2020. The present consultation is structured around a set of questions, which take into account the policy thrust and general framework set by Europe 2020, Innovation Union and the European Research Area, and builds upon the Science with and for Society part of the Horizon 2020 Work Programme 2014-2015.

Questionnaire

A. Information about the respondent

1. Are you responding to this questionnaire on behalf of/as:*

○ Individual

○ Organisation

2. Please enter your name or the name of your organisation*

300 character(s) maximum

3. E-mail *(this data will not be made public)**

4. Please indicate the type of your organisation *

- ○ Not Applicable (if individual)
- ○ Higher Education Establishment
- ○ Primary and/or Secondary Education
- ○ International Research Centre
- ○ Public Research Centre
- ○ Private/Commercial Research Centre
- ○ Private non-profit Research Centre
- ○ Non-research Public Sector
- ○ Non-research private non-profit
- ○ CSO (Civil Society Organisation)
- ○ Non-research International Organisation
- ○ Non-research Commercial sector including SMEs
- ○ Consultancy Firm
- ○ Media Sector
- ○ Other

Please precise the type of your organisation if 'Other':

5. Have you or your organisation applied for funding under the current and/or any previous EC Framework Programmes for Research (e.g. H2020, FP7, FP6)?*

- ○ Yes
- ○ No

if so, please specify under which programme(s) (e.g. FP7 - Science in Society)*

300 character(s) maximum

6. Please enter your country of residence or where your organisation is based. *

- ○ Austria
- ○ Belgium
- ○ Bulgaria
- ○ Croatia
- ○ Cyprus
- ○ Czech Republic
- ○ Denmark
- ○ Estonia
- ○ Finland
- ○ France
- ○ Germany
- ○ Greece
- ○ Hungary
- ○ Ireland
- ○ Italy
- ○ Latvia
- ○ Lithuania
- ○ Luxembourg
- ○ Malta
- ○ Netherlands
- ○ Poland
- ○ Portugal
- ○ Romania
- ○ Slovakia
- ○ Slovenia
- ○ Spain
- ○ Sweden
- ○ United Kingdom
- ○ Other

Non EU Country

[   ]

7. Language of your contribution*

- ○ Bulgarian
- ○ Croatian
- ○ Czech
- ○ Danish
- ○ Dutch
- ○ English
- ○ Estonian
- ○ Finnish
- ○ French
- ○ German
- ○ Greek
- ○ Hungarian
- ○ Irish
- ○ Italian
- ○ Latvian
- ○ Lithuanian
- ○ Maltese
- ○ Polish
- ○ Potuguese
- ○ Romanian
- ○ Slovak
- ○ Slovene
- ○ Spanish
- ○ Swedish

8. Do you agree to your contribution being published under your name or the name of your organisation? *

- ○ My contribution can be published under the name indicated
- ○ My contribution can be published but in an anonymous way
- ○ I do not agree that my contribution is published

9. Gender (this data will not be made public but used for statistical purposes only)*

- ○ Female
- ○ Male

10. Year of birth - e.g. 1975 (this data will not be made public but used for statistical purposes only)*

B. "Science with and for Society" Priorities for the Work Programme 2016-2017

1. What should be the main priorities needed to shape the next "Horizon 2020" Work Programme 2016-2017 to build an effective cooperation between science and society?

1,000 character(s) maximum

2. Which are the main barriers preventing effective cooperation between science and society?

1,000 character(s) maximum

3. Which topics could be supported by the next "Horizon 2020" Work Programme 2016-2017 with regard to "Science with and for Society"?

1,000 character(s) maximum

4. What would you like to see as outcomes from the projects funded through the "Science with and for Society" calls for proposals 2016-2017?

1,000 character(s) maximum

5. How do you see international cooperation (beyond EU borders) being addressed in "Science with and for Society"?

1,000 character(s) maximum

6. In which priorities of "Horizon 2020" and how should science and society issues be integrated (e.g. in Excellent Science, in Industrial Leadership, in Societal Challenges)?

1,000 character(s) maximum

7. Do you have further comments?

1,000 character(s) maximum
