What is VitalinQ

- A platform with a focus on the individual person, where situation of Life, Preferences and Goals are taken into consideration
- It is about Community, Food, Exercise, Awareness and Labor
- Our functionality, our advises, digital guidance do have a scientific base
- The ownership of data is up to the user & not us or anyone else
- We are Creating a Social Media for Health where also the Fun factor is included
- Not only in The Netherlands, but all over Europe we want to bring our Good News

*WHO*: “The ability to adapt and to self manage in the face of social, physical and emotional challenge”
