Why Europe?

Excellence
Europe has world-class research institutions, innovation clusters and unique infrastructures.

Funding opportunities
Europe offers excellent career and funding opportunities. It funds frontier research generously allowing researchers to establish themselves independently.

Innovation and business opportunities
Europe supports innovation and transnational research. It offers measures such as tax credits, support for early start-up companies and risk sharing facilities.

Culture
Europe offers rich and diverse experience outside the laboratory with its varied culture, food, landscape and lifestyle.

Working life
Europe offers multi-cultural working environments, with English a commonly used language among scientists. Workers in Europe enjoy high standards of social security and social benefits like maternity/paternity leave, pensions, health care etc.

Make Europe Your Destination!
