

FP7 2012 Work Programme International Dimension Opportunities for Korea

1

EUROPEAN
COMMISSION

EU - BUILDING AN
INNOVATION UNION

FP7 Work Programmes

- Legal basis for the implementation of FP7
- Contain full information on the calls for proposals to be published in 2011-2012
 - Details of topics and expected impacts, budgets and timing of calls etc
- Work programme of actions of over €8 billion, including:
 - 39 calls issued on 20 July 2011 with budget of €5.31 billion
 - Additional 15 calls for €1.74 billion to be issued in 2011-2012
 - Other non-call activities also included

- All topics of the main call FP-HEALTH-2012-INNOVATION-1 are open for Korean participation
- Two major calls – 20 July (€654 million)
- Research priorities:
 - Major focus on: ageing, including health systems, medical technologies, rare diseases
 - Other areas covered: personalised medicine, availability of organs for replacement, better understanding of ageing, chronic diseases related to ageing, adapting healthcare to specific needs
- Strong emphasis on SMEs and medical technologies sector
- Supporting Pilot Initiative on Active and Healthy Ageing and the ongoing Innovative Medicines Initiative PPP

- All topics open for Korean participation
- One call - 20 July (€304.57 million)
- Research Priorities
 - Sustainable primary production; mitigating and adapting to climate change
 - Low carbon and resource efficient industry
 - Food security and safety for Europe and beyond
 - Socially inclusive and healthy Europe
- Calls have an emphasis on
 - Completing ERA
 - Linking existing and new initiatives for the bio-based economy
 - Stimulating innovation including knowledge transfer
 - Supporting European policies (CAP, CFP, Key Enabling Technologies etc)
 - Supporting international initiatives (eg. Millenium Development Goals)

- Three ICT Calls - Call 8 (20 July; €787 million), Call 9 (18 January; €291 million), Call Future Internet (18 May; €80 million)
- Three Cross-thematic calls - Factories of the Future (20 July; 160 million); Energy-Efficient Buildings (20 July; 140 million); ICT for Green Cars (20 July; €330 million)
- FET call - still open for proposals
- Extension of 2011 work programme
- Focus around number of key challenges:
 - pervasive and trusted network and service infrastructures
 - cognitive systems and robotics
 - alternative paths to components and systems
 - technologies for digital content and languages
 - ICT for health, ageing well, inclusion and governance
 - ICT for a lower carbon economy
 - ICT for manufacturing & factories of the future
 - ICT for learning and access to cultural resources
- Support also for Future and Emerging Technologies (FET)

ICT – Interest for Korea

- All topics open for Korea participation
- Topics of particular interest may include:
 - Future networks - international partners targeted for support actions **[Topic: ICT-2011.1.1]**
 - Future internet research and experimentation - cooperation with industrialised countries/emerging economies **[Topic: ICT-2011.1.6]**
 - Challenging current thinking - actions aiming to strengthen the international dimension of FET **[Topic: ICT-2011.9.1]**
 - International cooperation on FET research **[Topic: ICT-2011.9.4]**
 - FET Proactive - Dynamics of Multi-level complex systems, unconventional computation, and neuro-bio-inspired systems - global alliances **[Topic: ICT-2011.9.7] [Topic: ICT-2011.9.6] and [Topic: ICT-2011.9.11]**

- Four calls - 20 July, €292.5 million
- Three cross-thematic calls - Factories of the Future, Energy Efficient Buildings, and Green Cars - 20 July (€335 million)
- Focus on smart and sustainable growth for a greener industry
- Challenges addressed include:
 - Energy and energy efficiency
 - Environmental issues and sustainability
 - Raw materials
 - Health and safety
 - Factories of the future
 - European energy-efficient buildings
 - Green cars

NMP Interest for Korea

- All topics open for Korean participation
- Topics of particular interest may include:
 - Total safety management for industrial organisations - international cooperation welcomed **[Topic: NMP.2012.3.0-2]**
 - Support for standardisation needs - international cooperation welcomed **[Topic: NMP.2012.4.0-2]**
 - Advanced magnetic materials - international cooperation welcomed **[Topic: NMP.2012.4.1-3]**
 - Adaptive production systems and measurement and control equipment for optimal energy consumption and near-to-zero emissions in manufacturing processes - international cooperation with IMS member countries, including Korea, encouraged **[Topic: FoF.NMP.2012.1]**

- Three calls - 20 July - €262 million
- Focus on the implementation plans and road maps of the European Strategic Energy Technology Plan (SET-Plan)
- Aim to accelerate market take up of most promising technologies in:
 - Solar
 - Wind
 - Bioenergy
 - Smart grids
 - Carbon Capture and Storage (CCS)
 - Smart cities

Energy Interest for Korea

- All topics open for Korean participation
- Topics of particular interest may include:
 - Impact of the quality of CO₂ on transport and storage - targeted at Korea and other CSLF members [**Topic: ENERGY.2012.5.2.1**]

Environment

- Two calls - 20 July - €255 million
- Focus on five challenges for resource efficiency and climate resilience:
 - Coping with climate change
 - Sustainable use and management of land and seas
 - Improving resource efficiency
 - Protecting citizens from environmental hazards
 - Mobilising environmental knowledge for policy, industry and society
- Most topic areas are evaluated through a two-stage process
- Emphasis on innovation
- All topics open to international participation

Environment Interest for Korea

- All topics open for Korean participation of
- Topics of particular interest, all of which encourage international cooperation, may include:
 - Development of advanced techno-economic modelling tools for assessing costs and impacts of mitigation policies [Topic: ENV.2012.6.1-2]
 - Strategies, costs and impacts of adaptation to climate change [Topic: ENV.2012.6.1-2]
 - Operational potential of ecosystems services and natural capital for sustainable land, water and urban management - international collaboration encouraged [Topic: ENV.2012.6.2-1]

- Seven calls to be published on 20 July
 - Aeronautics (three calls - €145 million)
 - Surface Transport (one call - €114 million)
 - Horizontal issues (two calls - €36 million)
 - Cross-thematic (one call - €35 million)
- Three strategic research and innovation priorities for 2012:
 - Eco-innovation
 - Safe and seamless mobility
 - Competitiveness through innovation

Transport Interest for Korea

- All topics open for Korean participation
- Topics of particular interest may include:
 - Fostering innovation for trans-national transport research cooperation - experiences from other industrialised countries encouraged **[Topic: TPT.2012.3-1]**
 - Aircraft safety - 6 topics - international cooperation encouraged **[Area: AAT.2012.1.3.3]**
 - Operational safety - 4 topics - international cooperation encouraged **[Area: AAT.2012.1.3.4]**

Socio-Economic Sciences and the Humanities (SSH)

- Two calls - 20 July - €87 million
- Four priorities for 2012 work programme:
 - The Innovation Union in support of smart growth
 - Inclusive and sustainable growth
 - Reshaping the European economy and strengthening the political unity of the EU
 - Support for developing the external policies of the EU
- International cooperation strongly encouraged in all topics and challenges in 2012

- One call - 20 July - 84 million
- Focus in 2012:
 - The development of GMES
 - (Pre)-operational validation of GMES services and products
 - Support to the coordinated provision of observation data
 - Development of earth observation satellites
 - Strengthening the foundations of space S&T
 - Research to support space science and exploration
 - Research to support space transportation and key technologies
 - Cross-cutting activities

Space interest for Korea

- All topics open for Korean participation
- Topics of particular interest may include:
 - Support for emergency response management - should target areas inside or outside of Europe [Topic: SPA.2012.1.1-04]
- Or the following topics targeted to countries with an EU S&T Cooperation Agreement
 - GMES Climate change - data archiving and exchange [Topic: SPA.2012.1.3-03]
 - Exploitation of space science and exploration data [Topic: SPA.2012.2.1-01]
 - Key technologies enabling observations in and from space [Topic: SPA.2012.2.2-01]
 - Key technologies for in-space activities [Topic: SPA2012.2.2-02]

- One call - 20 July - €241.7 million
- Seven activity areas:
 - Security of citizens
 - Security of infrastructures and utilities
 - Intelligent surveillance and border security
 - Restoring security and safety in case of crisis
 - Security systems integration, interconnectivity and interoperability
 - Security and society
 - Security research coordination and structuring

Security Interest for Korea

- All topics open for Korean participation
- Topics of potential interest, all of which call for international cooperation, include:
 - Drinking water security management and mitigation against CBRN contamination [Topic: SEC.2012.1.5-02]
 - Countering illegal export of metal-bearing waste [Topic: SEC.2012.2.2-1]
 - Air traffic management/control threat assessment [Topic: SEC.2012.2.2-2]
 - Improving security in air cargo transport [Topic: SEC.2012.2.2-3]
 - Aviation security - reducing costs and facilitating passenger flows [Topic: SEC.2012.2.2-4]
 - Security of supply chain [Topic: SEC.2012.2.4-1]
 - Development of mobile laboratories/facilities for rapid assessment of CBRN events [Topic: SEC.2012.4.4-1]
 - Use of communication/social media in crises [Topic: SEC.2012.6.1-3]

Research Infrastructures

- One call - 20 July - €90 million
- Last call in FP7, call budget to be supplemented in 2013
- Main lines of action:
 - Support to existing research infrastructures
 - Support to new research infrastructures/major upgrades
 - Support for policy development/programme implementation
- All topics open for Korean participation

Research Infrastructures – Interest for Korea

- All topics open for Korean participation
- Topics of particular interest may include:
 - Coordination actions, conferences and studies supporting policy development, including international cooperation, for e-Infrastructures **[Topic:INFRA-2012-3.3]**
 - Biological Resources Centres for micro-organisms - global approach **[Topic:INFRA-2012-1.1.6]**
 - Experimental facilities for animal disease infectiology - global approach **[Topic:INFRA-2012-1.1.7]**
 - Plant Genetic Resources Centres - global approach **[Topic:INFRA-2012-1.1.10]**

Science in Society

- One call - 20 July - €37.4 million
- Focus on enabling responsible research and innovation (RRI) in the European Research Area
- All topics open for Korean participation
- Topics calling for international cooperation, which may be of potential interest include:
 - International coordination in RRI [\[Topic:SiS-2012.1.2.1-1\]](#)
 - Scientific data: open access, dissemination, preservation and use [\[Topic:SiS-2012.1.3.3-1\]](#)

22

International Cooperation

- Two calls - 20 July - €32 million
- Focus on
 - Bi-regional cooperation for addressing societal challenges, supporting policy dialogue and developing cooperation in innovation (INCO-NET)
 - Targeted at: sub-Saharan Africa, Latin America and Caribbean, Mediterranean Partner Countries, South East Asian Countries
 - Bilateral coordination for the enhancement and development of S&T partnerships (BILAT)
 - Targeted at Australia, Brazil, China, India, New Zealand, Russia, South Africa, **South Korea**, USA and Argentina, Chile, Jordan, Mexico, Morocco, Ukraine

International Cooperation - BILAT

- Activities to include:
 - Supporting EU-Korean institutional dialogue
 - Promoting FP and bilateral cooperation, joint activities etc
 - Monitoring progress in bilateral S&T cooperation
 - Supporting FP Contacts
 - Analysing innovation measures, national innovation systems, framework conditions for research and innovation
 - Promoting twinning of research organisations
 - Studying feasibility of establishing a joint European liaison office

Ideas Programme

- The European Research Council (ERC) – first pan-European funding organisation for frontier research
- ERC grants are awarded, to attract or repatriate to Europe, early-career and senior top researchers, **of any nationality, and their teams**, for five-year projects
- PIs have to conduct their research project in any EU Member State or FP7 associated country (AC) -PIs need to physically spent at least 50% of their time in the MS/AC
- Investigator driven research / bottom-up approach. For all fields of research, from Social sciences and Humanities to Life Sciences and Physical Sciences. No thematic priorities. Scientific excellence is the only criterion for success

25

EUROPEAN
COMMISSION

EU - BUILDING AN
INNOVATION UNION

Ideas Programme

- Grant packages: Starting Grant: up to €2 million / Advanced Grant: up to €3.5 million Starting Grant call - 20 July - €729.98 million / Advanced Grant call - 16 November - €679.98 million
- New Scheme: 'ERC Synergy': will support small groups of Principal Investigators working jointly on similar research projects - Up to €15 million/ grant over 6 years – call publication in October 2011 – for very limited number of projects
- Evaluation: single submission of proposal – 2 stage evaluation, interviews for some ERC schemes

Ideas Programme

- Applications can be made in any field of research - particular emphasis on the frontiers of science, scholarship and engineering.
- All calls open to researchers of **any nationality** who intend to establish and conduct their research activity in any EU Member State or FP7 associated country
- Starting Grants call - 20 July - €729.98 million
- Advanced Investigator Grants call - 16 November - €679.98 million

Marie Curie Actions

- Two calls issued on 20 July 2011 (ITN and IRSES), six other from 19 October 2011 until 13 March 2012 - Total budget ca. €900 million;
- Nearly all Marie Curie Actions are open to Korean institutions and researchers;
- The '**World Fellowship**' calls are of particular interest to Korea:
 - **IRSES** (funding eligible for staff exchange for both Korean researchers and institutions located in Korea) - 20 July 2011 - €30 million;
 - **IOF** (for EU MS/AC researchers going to institutions in Korea) - 13 March 2012 - €40 million;
 - **IIF** (for Korean researchers going to institutions in EU MS/AC) - 13 March 2012 - €40 million.

Marie Curie Actions – Interest for Korea

Institutions located in Korea are eligible in the following actions:

- **IRSES:** International Research Staff Exchange Scheme
- **ITN:** Initial Training Networks;
- **IAPP:** Industry-Academia Partnership and Pathways;
- **IOF:** International Outgoing Fellowships.

Researchers from Korea are eligible in all above-mentioned actions (excluding IOF) and in the following actions:

- **COFUND:** Co-funding of Regional, National and International Programmes;
- **IIF:** International Incoming Fellowships;
- **CIG:** Career Integration Grants.
