<b>C2 – Other Direct Costs with no overheads<sup>5</sup> (in euro)</b>			
<b>Total Estimated Eligible Costs (A + B + C) (in euro)</b>			
<b>Total Requested Grant (in euro)</b>			

The project cost estimation should be as accurate as possible. Significant mathematical mistakes may reflect poorly on the credibility of the budget table and the proposal overall. The evaluation panels assess the estimated costs carefully; unjustified budgets will be consequently reduced. The Total Estimated Eligible Costs and the Total Requested Grant amounts in the table **MUST** match those presented in the online proposal submission form, section 3 – Budget.

In case you are requesting additional funding above the normal EUR 2 000 000, fully justify your request by filling in the table below (please delete the table if not applicable). **Include these costs in the above budget table.**

<sup>2</sup> An additional cost category 'Direct costing for Large Research Infrastructures' applicable to H2020 can be added to this table (below 'Other Goods and services') for PIs who are hosted by institutions with Large Research Infrastructures of a value of at least EUR 20 million and **only** after having received a positive ex-ante assessment from the Commission's services.

<sup>3</sup> When calculating the salary, please take into account the percentage of your dedicated working time to run the ERC funded project (i.e. minimum 40% of your total working time).

<sup>4</sup> Please note that the overheads are fixed to a flat rate of exactly 25%.

<sup>5</sup> Such as the costs of resources made available by third parties which are not used on the premises of the beneficiary.

<b>Request for additional funding above EUR 2 000 000 for</b>	<b>Justification</b>
<p>Keep only that category(ies) that apply to the project.</p> <p>(a) covering eligible 'start-up' costs for a PI moving from another country to the EU or an Associated Country as a consequence of receiving an ERC grant and/or,</p> <p>(b) the purchase of major equipment and/or,</p> <p>(c) access to large facilities.</p>	

The requested contribution should be in proportion to the actual needs to fulfil the objectives of the project.

<b>Please indicate the duration of the project in months:<sup>6</sup></b>	
<b>Please indicate the % of working time the PI dedicates to the project over the period of the grant:</b>	%

Specify briefly your commitment to the project and how much time you are willing to devote to the proposed project in the resources section. Please note that you are expected to devote at least 40% of your total working time to the ERC project.

<sup>6</sup> The maximum award is reduced pro rata temporis for projects of a shorter duration (e.g. for a project of 48 months duration the maximum requested EU contribution allowed is EUR 1.6 million). Additional funding to cover major one-off costs is not subject to pro-rata temporis reduction for projects of shorter duration (e.g. with additional funding it is possible to request a maximum EU contribution of EUR 2.35 million for a project of 48 months duration).
