Self-evaluation form

ECSEL Coordination and Support Actions (ECSEL-CSA)

This form is made available to applicants who may themselves wish to arrange an evaluation of their proposal (e.g. by an impartial colleague) prior to final editing, submission and deadline. The aim is to help applicants identify ways to improve their proposals.

The forms used by the experts for their evaluation reports will be broadly similar, although the detail and layout may differ.

These forms are based on the criteria, scores and thresholds used for the evaluation of the ECSEL JU proposals. Check whether special schemes apply to the topics of interest to you. The definitive evaluation schemes are given in the ECSEL JU Annual Work Plan.

A self-evaluation, if carried out, is not to be submitted to the ECSEL JU/European Commission, and has no bearing whatsoever on the conduct of the evaluation.

Scoring

Scores must be in the range 0-5. Evaluators will be asked to score proposals as they were submitted, rather than on their potential if certain changes were to be made. When an evaluator identifies significant shortcomings, he or she must reflect this by awarding a lower score for the criterion concerned.

Interpretation of the scores

- 0** — The **proposal fails to address the criterion** or cannot be assessed due to missing or incomplete information.
- 1** — **Poor**. The criterion is inadequately addressed, or there are serious inherent weaknesses.
- 2** — **Fair**. The proposal broadly addresses the criterion, but there are significant weaknesses.
- 3** — **Good**. The proposal addresses the criterion well, but a number of shortcomings are present.
- 4** — **Very Good**. The proposal addresses the criterion very well, but a small number of shortcomings are present.
- 5** — **Excellent**. The proposal successfully addresses all relevant aspects of the criterion. Any shortcomings are minor.

Thresholds & weighting

The standard threshold for individual criteria is 3. The standard overall threshold, applying to the sum of the three individual scores, is 10. The scores are given using half marks (0.5).

Scores are normally NOT weighted. Weighting is used for some type of actions (see the ECSEL JU Annual Work Plan) — and only for the *ranking* (not to determine *if* the proposal passed the thresholds.)
