

# HORIZON 2020

## SCIENCE WITH AND FOR SOCIETY

*SwafS-15-2018-2019: Exploring and supporting citizen science (RIA)*  
**Policy briefing**

• *Disclaimer: This policy briefing, based on the Work Programme topic description, is intended to guide applicants and experts but is not a legal reference in itself.*

## SwafS-15-2018-2019: Exploring and supporting citizen science

- Citizen science *"covers a range of different levels of participation: from raising public knowledge about science, encouraging citizens to participate in the scientific process by observing, gathering and processing data, right up to setting scientific agenda and co-designing and implementing science-related policies"*.
- All scientific disciplines and the humanities are welcome.
- **RIA (multiple projects in 2019):** Hands-on citizen science done by and with citizens.
- Impact: New knowledge and innovations, evaluation data on benefits...

## SwafS-15-2018-2019: Exploring and supporting citizen science

**Proposals in the order of EUR 2m (10m total 2019)**

**Read the Work Programme Introduction!**

**Support for Third Parties ("cascading grants"):** beneficiaries may provide support to third parties as described in part K of the General Annexes.

**International co-operation encouraged**

**Additional dissemination obligations:** consortia must make active efforts to freely share, in a timely manner and as appropriate, the research strategies, methodologies, and raw and analysed data deriving from their activities (including any evaluation activities), with the other projects funded by SWAFS subject to these same obligations.
