A place to bring
ideas to life

EUROPEAN CAPITAL OF INNOVATION 2017

Application Guide

Version 1.1
11 April 2017

This guide will navigate you through the easy steps for submission.

Research and
Innovation

1. Getting started

You can apply in 6 easy steps via our electronics submission system which you can access when clicking 'Apply now' on the contest page.

Applications reaching us by other means are regarded as 'not submitted' and will not be evaluated.

The application has two parts:

Part A records administrative information about the public administration and its initiative.

Part B is where you upload your application and required PDF documents in support of your application (for example: budget tables, external audits, economic impact evaluations, press releases, user feed-back, ex-ante impact assessments, honours and recognition).

You may apply in any official language of the European Union (please indicate which one you use on the last question in Part A). However, bear in mind that **applications in English will speed up and facilitate the evaluation process.**

2. How to apply

Step 1: Identify yourself

You submit your application electronically on the prize page on the [Participant Portal](#). After clicking on the button **Start Submission** as indicated below, you will have the option to:

- **>login<** - if you have used the Participant Portal before you may already have a European Commission Authentication Service (ECAS) user ID.
- or **>register<** - follow the instructions to **create a new EU Login user ID**. More help on how to create an ID [here](#).

Submission Service

To access the Electronic Submission Service of the topic, please select the **type of action** that is most relevant to your proposal from the list below and click on the '**Start Submission**' button. You will then be asked to confirm your choice of the type of action and topic, as these cannot be changed in the submission system. Upon confirmation you will be linked to the correct entry point.

To access existing draft proposals for this topic, please login to the Participant Portal and select the My Proposals page of the My Area section.

Type of Action	Inducement Prize [IPr]	START SUBMISSION
Topic	Horizon prize for Integrated Photovoltaic System in European Protected Historic Urban districts - LCE-Prize-PhotovoltaicsHistory-01-2016	

Step 2: Funding Scheme

This is a generic step, simply click **>next<** to continue.

Step 3: Creating a draft proposal

Your organisation:

Please fill in your Participant Identification Code (PIC), which is used to identify your company. If you have used the Participant Portal or FP7 you may already have a PIC. Check if you have one on the [Participant Portal](#).

More information on PIC numbers can be found [here](#).

Your proposal:

Here we ask to provide a small abstract of your initiative - why your city should be the winner.

You may also record and upload a video message – if you do, please insert the link in this space.

Choose a nice acronym and type it in the box. It can also be your own name.

Click **>Next<** to accept or decline '*The terms and condition of usage*'. After accepting, your draft application will be created and you will receive an automatic e-mail.

You can return to the application to continue working (before the deadline):
<https://ec.europa.eu/research/participants/portal/desktop/en/proposals/index.html>

Step 4: Manage Your Related Parties

This is a generic step: if you do not include other parties, simply click **>next<** to continue.

Step 5: Edit Proposal

In this step you can:

- **Part A: fill in, edit, view and print the administrative forms;**
- **Part B: upload your Part B and the three required proofs.**

PART A - Administrative forms

When you are in Step 5, clicking **>edit forms<** opens Part A. You can modify this at any time up to the deadline. The three parts (A1-A3) should be self-explanatory.

You can validate your application at any step. When clicking **>validate form<** at the bottom of any page a list of discovered problems (such as missing data) is given on the last page.

Please note that the application submission will be blocked until problems are corrected.

Part B – Your application and mandatory documents to be uploaded:

Here is where you must download PART B. You will find the empty form on the left side of the screen at every Step. You must follow the structure of this template when preparing your application: it has been designed to ensure that your initiatives are presented in a way enabling the experts to make an effective assessment against the four evaluation criteria. The non-compliance with this template may lead to the rejection of your application.

In addition, please upload the following three mandatory documents in support of your application:

1. Proof 'Mayor's endorsement': any PDF document that best proves that you are the city mayor endorsing the application or you are entitled to represent/act on his/her behalf as defined in the Proposal Submission Forms.

2. Proof 'Initiative starting date': any PDF document that best proves that the actions proposed in your application relate to completed or on-going initiatives started after 1st January 2016 (Art. 8.1 of the Rules of contest).

3. Proof 'Declaration on honour': a scanned PDF copy of the 'Declaration on honour' on the exclusion checks stated in the Rules of Contest as well as the Financial Regulation No 966/2012, signed by a duly authorised city representative and accompanied by his/her ID/passport copy. You will find the form when downloading Part B on the left of the screen.

These documents **can be submitted without translation**. However, please upload only the relevant pages (i.e. cover page(s) and informative passages). **Use highlights or underlining to guide us to the relevant pieces of information.**

For all uploaded documents you must use exclusively PDFs (portable document format) up to a limit of:

20 Mbytes for Part B;

10 Mbytes for all other proofs.

Use only alphanumeric characters (no special characters or spaces).

Please be aware that the whole Part B cannot exceed **30 pages**.

Once you complete (and validate) Part A and upload documents in Part B, click **>submit<**.

Step 6: Application Status page:

Reaching this step means that the application is submitted. Naturally, this does not mean the application is valid, complete or eligible in all respects.

Here you can:

- Download the application. It is advised to download the application to check that it has been correctly sent. The PDF is digitally signed and time stamped.
- *Re-edit the application*, going back to step 5. After re-editing the application (any data in the forms or a modified attachment), modifications have to be resubmitted. You may continue to modify the application and submit revised versions overwriting the previous one right up until the deadline.
- *Withdraw the application*. If the application is withdrawn, it will not be considered for evaluation. A reason for the withdrawal will be requested.
(Note: Your application draft is not yet deleted from the server. This withdrawal action can be reversed, but only before the deadline, by simply re-submitting it).

The same information and actions can also be found here:

<https://ec.europa.eu/research/participants/portal/desktop/en/proposals/index.html>

3. General Information

Applications must be submitted on or before **21 June 2017, 17:00:00 Brussels local time**. It is your responsibility to ensure the timely submission of your application. After this, the application can no longer be modified. It is however visible in a read-only version.

***Do not wait until the last moment before submitting your application!
You can save a draft well before the deadline.***

The last version of your application submitted before the deadline is the one which will be taken into consideration; no later version can be substituted and no earlier version can be recovered.

Help

If you encounter problems in the submission process, please make the following checks:

- Check once more the eligibility criteria mentioned in the contest rules.
- Is your Part B in portable document format (PDF), including no material in other formats?
- Is the filename made up of the letters A to Z, and numbers 0 to 9? You should avoid special characters and spaces.
- Have you checked out your Part B PDF files, to check that they are really the files you intend to submit, and that they are complete, printable and readable?
- Are your Part B files within the size limit?
- Have you virus-checked your computer? The Electronic Submission Services of the Commission will automatically block the submission of any file containing a virus.
- Have you allowed time to submit a first version of your application at least several days before the deadline (you can then continue to work on it)?
- Have you completed the submission process for your latest version?
