

Research and Innovation Participant Portal

Expert Area: Quick overview

REA / eFP7 Communication Office
18 July 2012

What is it?

- **The expert area in the Participant Portal is a [web-based application](#) used by the European Commission and yourself to communicate regarding your role as an “expert” (evaluators of research proposals, reviewers of projects, etc.).**
- **It allows you to create and keep your expert profile up-to-date.**
- **It replaces and enhances the system previously available on CORDIS (EMM).**

EXPERT AREA

Welcome to the Expert area in the Participant Portal.
New employer or qualification to add? Change in contact details?
It is important to keep your profile up-to-date!

[Edit Profile](#)

Why?

- To have a **single entry point and unique platform for communication with the Commission** (single sign-on mechanism).
- To **better structure your profile** so as to help match your skills with various assignments.
- To **lay the foundations for what lies ahead:**
 - **Electronic management of administrative aspects (identity and bank accounts registration)**
 - **Electronic submission and processing of payments**

Data Privacy

We respect your privacy. You can consult our privacy statement [here](#).

The Commission established a database of experts on the basis of a call published in the Official Journal of the European Union (2006/C305/16), in order to assist its services in tasks in connection with the EU's Seventh Framework Programme for Research (FP7).

Tasks related to FP7 consist of assisting in the :

- evaluation of research and innovation proposals to ensure that the best are selected for funding (this task may be carried out at home and/or on Commission premises);
- review of research and innovation projects funded by the Commission;
- monitoring the implementation, evaluation and assessment of the impacts of research and innovation programmes and policies.

I wish to be considered for selection as an expert for FP7

I wish to be considered for selection as an expert for other funding programmes outside the FP7 framework

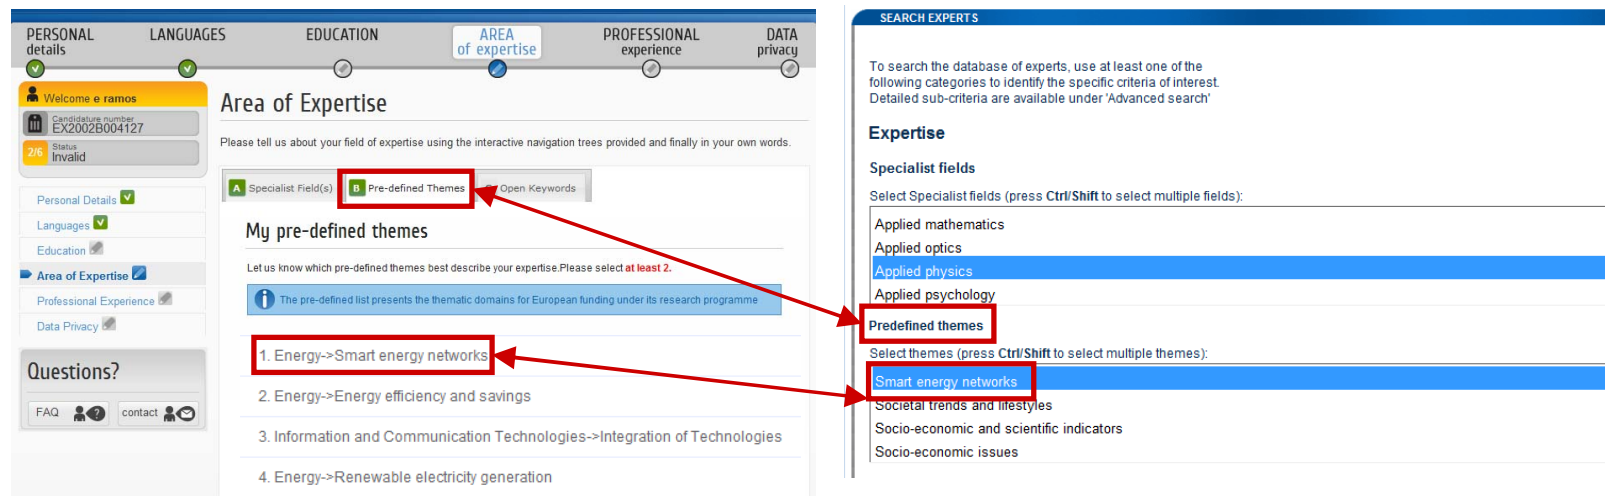

Evaluation

Review

Monitoring

Important to remember!

- You should regularly update your profile to ensure that the European Commission can find the best match of assignments for you in the future.
