

Marie Curie Intra-European Fellowships

Grant Agreement Production Progress

Call: FP7-PEOPLE-2013-IEF / Closure date of 14 August 2013

Introductory note:

Please find below a table relating to the status of the contract negotiations for proposals placed on the priority list and reserve list as a result of the call for proposals for Marie Curie Individual fellowships (deadline of 14 August 2013). The proposals are listed by panel and then in order of highest ranking within the panel. Therefore, for any particular panel, if you are immediately below a proposal which is currently under negotiation, your proposal would be the next in line to be negotiated.

All applicants were notified in November 2013 of the results of the evaluation exercise. Those applicants listed on the priority list were informed of the starting of the negotiation.

As a result of negotiations, funds sometimes become available due to savings made during the negotiation process or due to the withdrawal of proposals. These savings are periodically reviewed and savings from a particular evaluation panel are transferred to the reserve list for the corresponding panel. For this reason you will see in the attached table that some proposals which were initially on the reserve list are now being negotiated. The first negotiations for proposals on the reserve list have been carried out in January 2014. Note however that in the light of the current situation, it is expected that we will be able to start negotiation only with a very limited number of proposals currently in the reserve list.

Please note that the status in the table relates to the date reported in the header. This table is intended as a general indicator of the status of the negotiation. It is our intention to update the table regularly until the end of the negotiation.

Meaning of the status:

Proposal in negotiation: This means that the letter inviting the beneficiary to enter into negotiation has been sent to the Host Organisation;

Proposal in selection procedure: This means that the negotiation is closed and that the REA has launched an internal procedure, which will lead to a *Commission* decision on funding the proposal;

Proposal selected: This means that the selection procedure has been completed and that the *Commission* has taken a formal decision on funding the proposal; a draft grant agreement is therefore being produced and validated;

Grant Agreement sent to Host: This means that a grant agreement has been sent to the Host Organisation for signature;

Grant Agreement signed by Host received by the REA: This means that the REA has received the 2 copies of the Grant agreement signed by the Host organisation;

Grant Agreement in internal circulation for REA signature: This means that the grant agreement is in the process of being signed by the REA;

Grant Agreement signed by the REA: This means that the grant agreement is signed and as such has entered into force;

Reserve list: This means that the proposal holds the status of reserve as communicated in November 2013. Funds might become available for funding. Should the budget not be sufficient, a formal letter of rejection will be sent to the applicant in due time;

Withdrawal: This status means that the REA has been informed that the proposal has been withdrawn.
