ASSOCIATED EVENT

**The Researchers' night in University of Camerino,
Square Enrico Mattei, Matelica**

Organised by

Università di Camerino (contact comunicazione.relazioniesterne@unicam.it) with the Marche regional authorities, the Province of Macerata and the Municipality of Matelica

(University of Camerino, Square Enrico Mattei, Matelica and logo of Caterpillar programme on RAI)

Direct broadcasting of "**Caterpillar**" programme on national radio RAI (social and political issues, interviews with Unicom researchers)

Live exhibition of the researchers' work at university: explanation of the works, dialogue with the public, in the frame of a "**researchers' city**" composed by several stands

Research in everyday life: interactive exchanges with researchers: do you know what you're drinking? Do you know what you're eating? Do you know what you're wearing?

Journey into research: game with the youngest: a stamp is provided in each visited stand and the completion of the whole tour allows you to get the "early stage researcher diploma" ("ricercatore in erba")

Concert

The event will be registered and broadcasted by the regional Tv channel "TV centro Marche" (television news edited by UNICAM)
