

**ICELAND
VAKA 2007
Researchers' night in Iceland
Reykjavik**

Organised by

Icelandic Centre for Research (contact: **Thorsteinn BJORNSSON**, thorsteinn@rannis.is)

(Superheroes , Reykjavik Farmyard animal zoo, Reykjavik Arts Museum)

4 Science cafés: in the **Reykjavik Arts Museum:** short presentations, dialogues with the audience in an informal atmosphere

Rendez-vous with a researcher: introduction in a pleasant way of the work of universities, research institutes and enterprises in a **large exhibition** in the museum, hands on experiments with the guidance of experienced researchers, presentation of the results of the research work, shows...

Carousel presentations: European wonders: **Superscience** (experience on natural phenomena connected to **superheroes** such as superman, batman, spider man, the incredible...: low gravity conditions, jumping on the moon, strong gravity, all this introduced by short movies and animations), **Mathballs** (interactive conference about geometry, algebra and aerodynamics, exploring different kinds of balls –tennis, soccer, rugby..., practical demos involving the public)

Science world for children: exhibition with **hands on experiments:** children will be allowed to move freely and "touch things" in **Reykjavik park** and **Zoo's science centre:** experiments, solving science-related problems with the help of researchers, science shows...
