(View of Valletta ,St James Cavalier Arts Centre, Maltese art: Matteo Perez d'Aleccio)

**Exhibition of Installation Art** (lasting longer than the night itself but with special exposure during the Night): on a specific theme linked to research, offering the public the opportunity to see what goes on in a researcher/artist mind when creating, to meet researchers at the same time artists who will explain how they combine and take advantage of these two activities; an exhibition will also be organised with the **researchers' achievements**, highlighting research activities carried out in Malta, around the common theme "research and art";

**Drawing and art competition:** competition on the theme "draw a researcher" and various art competitions;

**Treasure hunt:** will consist of finding out where research is carried out in Malta (since it is generally assumed in Malta that research can only be done within universities); a n award will be offered to the winner having identified the most research capacities after a circuit organised in a pleasant way;

**Researchers' party:** in Arts Centre (St James Cavalier) in Valletta, this party will give the large public and specially the young people the opportunity to mingle with researchers in a relaxed and fun setting, dispelling the negative myth of the researchers socially inapt...
