7. Fighting global poverty	x	x						x	x	

EUROPEAN
COMMISSION

Community research

SSH and SD Strategy

Impact Assessment of Policies on sustainable development requires:

- **Integration of disciplines**
- **Merging of several dimensions: spatial, temporal, social, economic, environmental and technological**
- **Methodology, indicators and data for different sectors and technologies**
- **Capacity of foresight analysis (quantitative, qualitative and participatory)**

EUROPEAN
COMMISSION

Community research

SSH is working on SD

First major outcomes on:

- **Post carbon society**
- **Sustainability indicators**
- **Comparison of historical development models**
- **Territorial dynamics**
- **Agricultural and rural developments**

Research to come on:

- **Cities and SD in developing and emerging countries**
- **Foresight (World and Mediterranean area)**
- **Strong incentive to enlarge the SSH scientific community to SD in Europe and at the world-level**
