Via P.S. Mancini, 28
Rome

GEMMA is a project funded under the 7th Framework Programme by the European Commission, Directorate General Research - Unit Science, Economy and Society

Objective of the workshop

The meeting aims to present to stakeholders the results of European research on “Gender and Migration” and to establish a plan for communication between researchers and civil society organizations.

The dissemination of research results, together with the involvement of civil society organisations, is one of the priorities of the European Commission with regard to socio-economic research.

The dialogue and exchange of knowledge between researchers and civil society organisations is an important component of socio-economic research in order to achieve social cohesion.
