II. General conditions

Article II.1 Performance of the Contract

II.1.1. The Contractor shall perform the Contract to the highest professional standards. The Contractor shall have sole responsibility for complying with any legal obligations incumbent on him, notably those resulting from employment, tax and social legislation.

II.1.2. The Contractor shall have sole responsibility for taking the necessary steps to obtain any permit or licence required for performance of the Contract under the laws and regulations in force at the place where the tasks assigned to him are to be executed.

II.1.3. Without prejudice to Article II.3 any reference made to the Contractor's staff in the Contract shall relate exclusively to individuals involved in the performance of the Contract.

II.1.4. The Contractor must ensure that any staff performing the Contract have the professional qualifications and experience required for the execution of the tasks assigned to him.

II.1.5. The Contractor shall neither represent the Commission nor behave in any way that would give such an impression. The Contractor shall inform third parties that he does not belong to the European public service.

II.1.6. The Contractor shall have sole responsibility for the staff who execute the tasks assigned to him.

The Contractor shall make provision for the following employment or service relationships with his staff:

II.1.7. In the event of disruption resulting from the action of a member of the Contractor's staff working on Commission premises or in the event of the expertise of a member of the Contractor's staff failing to correspond to the profile required by the Contract, the Contractor shall replace him without delay. The Commission shall have the right to request the replacement of any such member of staff, stating its reasons for so doing. The report shall include a description of the problem and an indication of the date on which it started and of the remedial action taken by the Contractor to ensure full compliance with his obligations under the Contract. In such event the Contractor shall give priority to solving the problem rather than determining liability.

II.1.9. Should the Contractor fail to perform his obligations under the Contract in accordance with the provisions laid down therein, the Commission may - without prejudice to its right to terminate the Contract - reduce or recover payments in proportion to the scale of the failure. In addition, the Commission may impose penalties or liquidated damages provided for in Article II.16.

Such conflict of interests could arise in particular as a result of economic interest, political or national affinity, family or emotional ties, or any other relevant connection or shared interest. Any conflict of interests which could arise during performance of the Contract must be notified to the Commission in writing without delay. In the event of such conflict, the Contractor shall immediately take all necessary steps to resolve it.

The Commission reserves the right to verify that such measures are adequate and may require additional measures to be taken, if necessary, within a time limit which it shall set. II.3.4. The Contractor shall pass on all the relevant obligations in writing to his staff, board, and directors as well as to third parties involved in performance of the Contract. A copy of the instructions given and the undertakings made in this respect shall be sent to the Commission should it so request.

II.4.1. Pre-financing

Where required by Article I.4.1, the Contractor shall provide a financial guarantee in the form of a bank guarantee or equivalent supplied by a bank or an authorised financial institution (guarantor) equal to the amount indicated in the same article to cover pre-financing under the Contract. Such guarantee

may be replaced by a joint and several guarantee by a third party. The guarantor shall pay to the Commission at its request an amount corresponding to payments made by it to the Contractor which have not yet been covered by equivalent work on his part. The guarantor shall stand as first-call guarantor and shall not require the Commission to have recourse against the principal debtor (the Contractor). The guarantee shall specify that it enters into force at the latest on the date on which the Contractor receives the pre-financing. The Commission shall release the guarantor from its obligations as soon as the Contractor has demonstrated that any pre-financing has been covered by equivalent work. The guarantee shall be retained until the pre-financing has been deducted from interim payments or payment of the balance to the Contractor. It shall be released the following month. The cost of providing such guarantee shall be borne by the Contractor.

II.4.2. Interim payment

At the end of each of the periods indicated in Annex I the Contractor shall submit to the Commission a formal request for payment accompanied by those of the following documents which are provided for in the Special Conditions:

- an interim technical report in accordance with the instructions laid down in Annex I;
- the relevant invoices indicating the reference number of the Contract to which they refer;
- statements of reimbursable expenses in accordance with Article II.7.

If the report is a condition for payment, on receipt the Commission shall have the period of time indicated in the Special Conditions in which:

- to approve it, with or without comments or reservations, or suspend such period and request additional information; or
- to reject it and request a new report.

If the Commission does not react within this period, the report shall be deemed to have been approved. Approval of the report does not imply recognition either of its regularity or of the authenticity, completeness or correctness of the declarations or information enclosed. Where the Commission requests a new report because the one previously submitted has been rejected, this shall be submitted within the period of time indicated in the Special Conditions. The new report shall likewise be subject to the above provisions.

II.4.3. Payment of the balance

Within sixty days of completion of the tasks referred to in Annex I the Contractor shall submit to the Commission a formal request for payment accompanied by those of the following documents which are provided for in the Special Conditions:

- a final technical report in accordance with the instructions laid down in Annex I;
- the relevant invoices indicating the reference number of the Contract to which they refer;
- statements of reimbursable expenses in accordance with Article II.7.

If the report is a condition for payment, on receipt the Commission shall have the period of time indicated in the Special Conditions in which:

- to approve it, with or without comments or reservations, or suspend such period and request additional information; or
- to reject it and request a new report.

If the Commission does not react within this period, the report shall be deemed to have been approved. Approval of the report does not imply recognition either of its regularity or of the authenticity, completeness or correctness of the declarations and information enclosed. Where the Commission requests a new report because the one previously submitted has been rejected, this shall be submitted within the period of time indicated in the Special Conditions. The new report shall likewise be subject to the above provisions.

II.5.1. Payments shall be deemed to have been made on the date on which the Commission's account is debited.

II.5.2. The payment periods referred to in Article I.4 may be suspended by the Commission at any time if it informs the Contractor that his payment request is not admissible, either because the amount

is not due or because the necessary supporting documents have not been properly produced. In case of doubt on the eligibility of the expenditure indicated in the payment request, the Commission may suspend the time limit for payment for the purpose of further verification, including an on-the-spot check, in order to ascertain, prior to payment, that the expenditure is eligible.

The Commission shall notify the Contractor accordingly by registered letter with acknowledgment of receipt or equivalent. Suspension shall take effect from the date of dispatch of the letter. The remainder of the period referred to in Article I.4 shall begin to run again once the suspension has been lifted.

II.5.3. In the event of late payment the Contractor may claim interest within two months of receiving the payment. Interest shall be calculated at the rate applied by the European Central Bank to its most recent main refinancing operations (*“the reference rate”*) plus seven percentage points (*“the margin”*). The reference rate in force on the first day of the month in which the payment is due shall apply. Such interest rate is published in the C series of the Official Journal of the European Union. Interest shall be payable for the period elapsing from the calendar day following expiry of the time limit for payment up to the day of payment. Suspension of payment by the Commission may not be deemed to constitute late payment.

Article II.6 Recovery

II.6.1. If total payments made exceed the amount actually due under the Contract or if recovery is justified in accordance with the terms of the Contract, the Contractor shall reimburse the appropriate amount in euro on receipt of the debit note, in the manner and within the time limits set by the Commission.

II.6.2. In the event of failure to pay by the deadline specified in the request for reimbursement, the sum due shall bear interest at the rate indicated in Article II.5.3. Interest shall be payable from the calendar day following the due date up to the calendar day on which the debt is repaid in full.

II.6.3. The Commission may, after informing the Contractor, recover amounts established as certain, of a fixed amount and due by offsetting, in cases where the Contractor also has a claim on the Communities that is certain, of a fixed amount and due. The Commission may also claim against the guarantee, where provided for.

Article II.7 Reimbursements

II.7.1. Where provided by the Special Conditions or by Annex I, the Commission shall reimburse the expenses which are directly connected with execution of the tasks on production of original supporting documents, including receipts and used tickets.

II.7.2. Travel and subsistence expenses shall be reimbursed, where appropriate, on the basis of the shortest itinerary.

II.7.3. Travel expenses shall be reimbursed as follows:

- (c) travel by car shall be reimbursed at the rate of one first class rail ticket for the same journey and on the same day;
- (d) travel outside Community territory shall be reimbursed under the general conditions stated above provided the Commission has given its prior written agreement.

II.7.4. Subsistence expenses shall be reimbursed on the basis of a daily allowance as follows:

- (a) for journeys of less than 200 km (return trip) no subsistence allowance shall be payable;
- (b) daily subsistence allowance shall be payable only on receipt of a supporting document proving that the person concerned was present at the place of destination;
- (c) daily subsistence allowance shall take the form of a flat-rate payment to cover all subsistence expenses, including accommodation, meals, local transport, insurance and sundries;

- (d) daily subsistence allowance, where applicable, shall be reimbursed at the rate specified in Article I.3.3.

II.7.5. The cost of shipment of equipment or unaccompanied luggage shall be reimbursed provided the Commission has given prior written authorisation.

Article II.8 Ownership of the Results – Intellectual and Industrial Property

Any results or rights thereon, including copyright and other intellectual or industrial property rights, obtained in performance of the Contract, shall be owned solely by the Community, which may use, publish, assign or transfer them as it sees fit, without geographical or other limitation, except where industrial or intellectual property rights exist prior to the Contract being entered into.

Article II.9 Confidentiality

II.9.1. The Contractor undertakes to treat in the strictest confidence and not make use of or divulge to third parties any information or documents which are linked to performance of the Contract. The Contractor shall continue to be bound by this undertaking after completion of the tasks.

II.9.2. The Contractor shall obtain from each member of his staff, board and directors an undertaking that they will respect the confidentiality of any information which is linked, directly or indirectly, to execution of the tasks and that they will not divulge to third parties or use for their own benefit or that of any third party any document or information not available publicly, even after completion of the tasks.

Article II.10 Use, Distribution and Publication of Information

II.10.1. The Contractor shall authorise the Commission to process, use, distribute and publish, for whatever purpose, by whatever means and on whatever medium, any data contained in or relating to the Contract, in particular the identity of the Contractor, the subject matter, the duration, the amount paid and the reports. Where personal data is concerned, Article I.8 shall apply.

II.10.2. Unless otherwise provided by the Special Conditions, the Commission shall not be required to distribute or publish documents or information supplied in performance of the Contract. If it decides not to publish the documents or information supplied, the Contractor may not have them distributed or published elsewhere without prior written authorisation from the Commission.

II.10.3. Any distribution or publication of information relating to the Contract by the Contractor shall require prior written authorisation from the Commission and shall mention the amount paid by the Community. It shall state that the opinions expressed are those of the Contractor only and do not represent the Commission's official position.

II.10.4. The use of information obtained by the Contractor in the course of the Contract for purposes other than its performance shall be forbidden, unless the Commission has specifically given prior written authorisation to the contrary.

Defects in equipment or material or delays in making it available, labour disputes, strikes or financial problems cannot be invoked as *force majeure* unless they stem directly from a relevant case of *force majeure*.

II.12.2. Without prejudice to the provisions of Article II.1.8, if either contracting party is faced with *force majeure*, it shall notify the other party without delay by registered letter with acknowledgment of receipt or equivalent, stating the nature, likely duration and foreseeable effects.

II.12.3. Neither contracting party shall be held in breach of its contractual obligations if it has been prevented from performing them by *force majeure*. II.12.4. The contracting parties shall take the necessary measures to reduce damage to a minimum.

Article II.13 **Subcontracting**

II.13.1. The Contractor shall not subcontract without prior written authorisation from the Commission nor cause the Contract to be performed in fact by third parties.

II.13.2. Even where the Commission authorises the Contractor to subcontract to third parties, he shall none the less remain bound by his obligations to the Commission under the Contract and shall bear exclusive liability for proper performance of the Contract.

II.13.3. The Contractor shall make sure that the subcontract does not affect rights and guarantees to which the Commission is entitled by virtue of the Contract, notably Article II.17.

Article II.14 **Assignment**

II.14.1. The Contractor shall not assign the rights and obligations arising from the Contract, in whole or in part, without prior written authorisation from the Commission.

II.14.2. In the absence of the authorisation referred to in 1 above, or in the event of failure to observe the terms thereof, assignment by the Contractor shall not be enforceable against and shall have no effect on the Commission.

Article II.15 **Termination by the Commission**

II.15.1. The Commission may terminate the Contract in the following circumstances:

- (a) where the Contractor is being wound up, is having his affairs administered by the courts, has entered into an arrangement with creditors, has suspended business activities, is the subject of proceedings concerning those matters, or is in any analogous situation arising from a similar procedure provided for in national legislation or regulations;
- (b) where the Contractor has been convicted of an offence concerning his professional conduct by a judgment which has the force of *res judicata*;

- (i) where execution of the tasks has not actually commenced within three months of the date foreseen, and the new date proposed, if any, is considered unacceptable by the Commission;
- (j) where the Contractor is unable, through his own fault, to obtain any permit or licence required for performance of the Contract;
- (k) where the Contractor, after receiving formal notice in writing to comply, specifying the nature of the alleged failure, and after being given the opportunity to remedy the failure within a reasonable period following receipt of the formal notice, remains in serious breach of his contractual obligations.

II.15.2. In case of *force majeure*, notified in accordance with Article II.12, either contracting party may terminate the Contract, where performance thereof cannot be ensured for a period corresponding to at least to one fifth of the period laid down in Article I.2.3.

II.15.3. Prior to termination under point e), h) or k), the Contractor shall be given the opportunity to submit his observations.

Termination shall take effect on the date on which a registered letter with acknowledgment of receipt terminating the Contract is received by the Contractor, or on any other date indicated in the letter of termination.

II.15.4. Consequences of termination

In the event of the Commission terminating the Contract in accordance with this article and without prejudice to any other measures provided for in the Contract, the Contractor shall waive any claim for consequential damages, including any loss of anticipated profits for uncompleted work. On receipt of the letter terminating the Contract, the Contractor shall take all appropriate measures to minimise costs, prevent damage, and cancel or reduce his commitments. He shall draw up the documents required by the Special Conditions for the tasks executed up to the date on which termination takes effect, within a period not exceeding sixty days from that date.

The Commission may claim compensation for any damage suffered and recover any sums paid to the Contractor under the Contract.

On termination the Commission may engage any other contractor to complete the services. The Commission shall be entitled to claim from the Contractor all extra costs incurred in making good and completing the services, without prejudice to any other rights or guarantees it has under the Contract.

Article II.16 Liquidated Damages

Should the Contractor fail to perform his obligations under the Contract within the time limits set by the Contract, then, without prejudice to the Contractor's actual or potential liability incurred in relation to the Contract or to the Commission's right to terminate the Contract, the Commission may decide to impose liquidated damages of 0.2% of the amount specified in Article I.3.1 per calendar day of delay. The Contractor may submit arguments against this decision within thirty days of notification by registered letter with acknowledgement of receipt or equivalent. In the absence of reaction on his part or of written withdrawal by the Commission within thirty days of the receipt of such arguments, the

decision imposing the liquidated damages shall become enforceable. These liquidated damages shall not be imposed where there is provision for interest for late completion. Tender Specifications and Monitoring

ANNEX I Tender No. VT/2007/091 of

1. Background

The Social Agenda highlights the importance of the external dimension of employment, social policy and equal opportunities, and in particular of promoting the social dimension of globalisation and decent work both in internal and external EU policies.

As laid down in the Communication on Promoting Decent Work for All³ and in the Council Conclusions,⁴ promoting employment and decent work for all is a key objective of EU policies in the area of employment and social affairs. To this end the Commission aims at mobilising all Community policies, in particular EU external assistance and programming with a view to contributing to achieving this objective. This is relevant for all third countries eligible to external assistance including developing countries and neighbourhood countries.⁵

Within the framework of its technical assistance, the Commission will support a number of measures as part of the thematic programming as well as through country and regional programming. These measures include:

- integration of decent work into national and regional strategies to promote development and reduce poverty;
- gradual inclusion of the decent work objective in budget support measures;
- improve the capacity of competent authorities and civil society organisations,
- development of small and medium-sized enterprises;
- involvement of the social partners and civil society in development strategies and in poverty reduction strategies;
- strengthening of external assistance for social adjustments in countries and regions outside the EU involved in trade liberalisation;
- promotion of policy coherence and cooperation with relevant international and regional organisations.

Decent work is here defined as proposed by ILO as consisting of four areas covering productive and freely chosen work, rights at work, social protection, the social dialogue and the promotion of gender equality as horizontal objective. In the implementation of its initiatives towards decent work, the Commission cooperates with ILO.⁶

In this perspective a study will be launched on the employment and decent work issues in EU external assistance and programming.

3 Com (2006) 249 final, accompanied by SEC (2006) 643

4 Council conclusions of 30 November - 1 December 2006 on Promoting Decent Work for all: the EU contribution to the implementation of the decent work agenda in the world (doc. 15487/06).

5 The Council Conclusions of December 2006 and the Communication on Decent work define the scope for EU policies in the context of the 2005 UN World Summit § 47 of the outcome document "We strongly support fair globalization and resolve to make the goal of full and productive employment and decent work for all, including for women and young people, a central objective of our national and international policies as well as our national development strategies including poverty reduction strategies, as part of our efforts to achieve the Millennium Development Goals". The §47 also continues with the need to ensure respect for core labour standards and the elimination of the worst forms of child labour and in the Ministerial declaration of the UN Economic and Social Council High Level Segment.

6 SEVERAL COMMISSION COMMUNICATIONS AND COUNCIL CONCLUSIONS HIGHLIGHT THE NEED TO PROMOTE EMPLOYMENT, DECENT WORK AND SOCIAL COHESION AS KEY ELEMENTS IN EXTERNAL RELATIONS AND DEVELOPMENT POLICY. THESE INCLUDE THE COMMUNICATIONS ON SOCIAL DIMENSION OF GLOBALISATION COM (2004) 383; POLICY COHERENCE ON DEVELOPMENT COM (2005) 134 FINAL; THE 2005 EU JOINT DEVELOPMENT POLICY STATEMENT "THE EUROPEAN CONSENSUS ON DEVELOPMENT" OJ C 46, 24.2.2006; THE COMMISSION STAFF WORKING DOCUMENT ON "PROMOTING EMPLOYMENT THROUGH EU DEVELOPMENT COOPERATION" Doc. 8581/07 – SEC(2007) 495 FINAL. IN THE EUROPEAN CONSENSUS ON DEVELOPMENT (2005) THE EU COMMITS ITSELF TO THE STRENGTHENING OF THE SOCIAL DIMENSION OF GLOBALISATION, PROMOTING EMPLOYMENT AND DECENT WORK FOR ALL AS A GLOBAL GOAL. THE CONSENSUS IDENTIFIES EMPLOYMENT AND SOCIAL COHESION AS ONE OF THE NINE RECOGNISED AREAS OF COMMUNITY ACTION. GENDER EQUALITY IS HIGHLIGHTED AS A CROSS-CUTTING ISSUE WHICH SHOULD BE MAINSTREAMED IN ALL ACTIONS

This Call for Tender is part of the implementation of the policy section on employment of PROGRESS. The study should therefore focus on employment and decent work issues (health and education issues are not part of the scope of PROGRESS).

2. Purpose of the Contract

The purpose of the study is to obtain a comprehensive overview on how and to what extent the employment dimension and the related decent work issue, have been incorporated into EU's external assistance and programming.

The study will also identify, in an international perspective, concrete actions and best practices in the area of employment and decent work and to examine the synergies between employment, decent work, social protection, economic growth and social development.

In particular the objectives are to:

1. Analyse how and to what extent employment and decent work issues have been addressed and chosen as focal/non-focal sectors and/or as cross-cutting issue in other sectors. This will be achieved by analysing a selected number of Country Strategy Papers (CSPs), National Indicative Programmes (NIPs) and the corresponding Regional Strategy Papers for the period 2007-2013 for some countries/regions and 2008-2013 for other countries/regions.⁷

2. Compare policy priorities in the national strategies with those set out in the Country Strategy Papers/National Indicative Programmes.

The outcome of the study will serve as analytical input for the Commission's review of the Communication on Promoting Decent Work planned for 2008 and also for the mid-term review of the EU's external programming foreseen for 2009 by the European Commission.

3. Tasks to be performed by the Contractor

The Contractor will be asked to carry out the following Tasks:

Task I: Overview of the extent to what employment challenges and related issues have been incorporated into a sample of Country Strategy Papers

The contractor will be required to:

Analyse for a sample of third countries if and how employment/decent work issues have been addressed in EU external assistance programming. The analysis should be based on the available Country Strategy Papers and the Regional Strategy Papers.

Task II: Analyse how the identified employment/decent work challenge has been addressed in the corresponding National Indicative Programmes

The contractor will be asked to:

Based on the analysis and the outcome of the CSPs (i.e Task I), assess how and to what extent the employment/decent work issues have been incorporated into the National Indicative Programmes.

Task III: Analyse the approach to employment/decent work challenge and assess its relevance and coherence with regard to the national context

The contractor will be asked to:

⁷ At the date of 1 July 2007 the Country Strategy Papers already approved are approximately 40, mainly concerning Latin America and Asia. The CSPs for Africa, Caribbean and Pacific countries are in the process of being finalised and are expected to be approved by the end of 2007.

Analyse how and to what extent employment/decent work issues have been addressed in national strategy papers or other national plans, reform strategy, medium- or long-term development programme, national development policy documents such as poverty reduction strategy papers, national employment strategies or any other sectoral development programmes where employment/decent work issues are highlighted. This analysis will have to take into account of existing reports/policy initiatives in the countries including those of international organisations such as UNDP, ILO (eg. decent work country programmes).

Further information

For the above-mentioned Tasks I-III, the country strategy papers and national indicative programmes that are analysed should comprise at least of 25-30 countries covering all continents. Taking into account existing knowledge and other studies underway or envisaged, the following countries should be included, subject to the availability of approved CSPs/NIPs: Mexico, Chile, Costa Rica, Nicaragua, Bangladesh, Vietnam, Laos, Indonesia, Malaysia, Morocco, Egypt, Tunisia, South Africa, Tanzania and Ghana. India, China and Brazil should **not** be included in the list. The final selection of countries is to be agreed with the Commission.

Task IV: Analyse the employment/decent work challenge in the previous programming period

The Contractor will be asked to:

Analyse, for a sample of countries, where the employment/decent work dimension has been addressed in the current CSPs/NIPs to what extent employment/decent work issues had been incorporated into the CSPs/NIPs of the previous programming period. The analysis should also include how this has been implemented. The countries to be selected are to be agreed with the Commission.

Task V: Policy conclusions and recommendations

The Contractor will be asked to:

Draw up policy conclusions and recommendations, based on the above analysis (ie Task I-Task IV) on how to enhance the employment/decent work issues in future programming of external assistance. For drawing up these policy conclusions and recommendations the Contractor will conduct interviews with relevant officials and representatives of NGOs/social partners/international organisations.

Task VI: Dissemination of the results

The Contractor should present the final results of the above-mentioned tasks at a meeting organised with Commission services. This meeting will be held on the Commission's premises.

A first draft of the final report shall be ready for distribution at the above-mentioned meeting.

The study will cover all EU Member States, the EEA countries Iceland, Norway and Liechtenstein. Reference can be made to good practice in the other OECD countries if on the basis of literature review in these countries best practice is found with outstanding quality and exemplary capacity.

Guide and details of how the tasks are to be carried out

1. The Contractor shall work in close contact with the Commission, which will guide and monitor the quality of work and compliance with deadlines.
2. The Contractor shall appoint one contract coordinator who acts as a single contact point for the Commission on all tasks, unless agreed otherwise for specific purposes.
3. The Contractor shall ensure that any subcontractor it engages performs the work to a satisfactory standard. The contractor will remain responsible for any work performed by subcontractors and for their compliance with the deadline agreed by the Commission. Subcontracting must be authorised by the Commission in accordance with Art. II 13. of the Standard Contract. Sub-contractors included in the tender are deemed to be authorised by the Commission if the contract is awarded.

4. The PROGRESS Programme aims at promoting gender mainstreaming in all its five policy sections and commissioned or supported activities. Consequently, the Contractor will take the necessary steps to ensure that its staff respects the gender balance at all levels. It will also pay due attention when appropriate to the gender dimension of the service he/she is asked to deliver as detailed in the description of the tasks.

5. Equally, needs of disabled people shall be duly acknowledged and met while executing the requested service. This will in particular entail that where the Contractor organises training sessions, conference, issues publications or develops dedicated websites, people with disabilities have equal access to the facilities or the services provided.

6. Finally, the Contracting Authority encourages the Contractor to promote equal employment opportunities for all its staff and team. This entails that the Contractor shall foster an appropriate mix of people, whatever their ethnic origin, religions, age, and ability.

7. The Contractor will be required to detail in its activity report accompanying the request for the final instalment the steps and achievements it made towards meeting these contractual provisions.

The final report will be of around 60-80 pages plus country case studies and data annexes, accompanied by an executive summary of maximum 10 pages in English, French and German. Output needs to be provided on electronic supports such as CDs – tables and graphs in Excel and report in Word.
