BUDGET HEADING 04 03 01 05
INFORMATION AND TRAINING MEASURES FOR WORKERS' ORGANISATIONS

1 OBJECTIVES OF THIS CALL FOR PROPOSALS

In line with the remarks in the budget of the European Union, budget heading 04 03 01 05 is intended to cover grants for information and training measures for workers' organisations in accordance with Article 154 of the Treaty on the Functioning of the European Union.

The measures should help workers' organisations to contribute to addressing the overarching EU employment and social policy challenges as laid down in particular in:

- the Europe 2020 Strategy *Europe 2020: A strategy for smart, sustainable and inclusive growth* COM(2010)2020 and the European Council Conclusions of 25-26 March 2010 and 17 June 2010;
- the Commission Communications *Towards a job-rich recovery* (COM(2012)173), *Moving Youth into Employment* (COM(2012)727) and *Towards Social Investment for Growth and Cohesion – including implementing the European Social Fund 2014-2020* (COM(2013)83);
- the Commission Communication *Strengthening the social dimension of the Economic and Monetary Union* (COM(2013)690).

Objectives of this call include measures and initiatives to strengthen the capacity of workers' organisations to address, at EU/transnational level, changes in employment, work and social dialogue related challenges, such as modernisation of the labour market, quality of work, anticipation, preparation and management of change and restructuring, the greening of the economy, flexicurity, skills, mobility and migration, youth employment, health and safety at work, reconciliation of work and family life, gender equality, action in the field of anti-discrimination, active ageing, healthier and longer working lives, active inclusion and decent work.

Measures which contribute to addressing the employment and social dimensions of EU priorities relating to the recovery from the **crisis**, taking into account increasing inequalities within and between Member States, and to reaching the objectives and targets of the **Europe 2020 Strategy and its flagship initiatives**, will be particularly welcome.

The budget heading can be used to finance actions involving representatives of workers' organisations from the Candidate Countries¹.

It is also intended to promote equal participation of women and men in the decision-making bodies of workers' organisations.

¹ Where reference is made to the Candidate Countries in this call for proposals, it concerns the Candidate Countries at the time of the deadline for the submission of applications of this call: http://ec.europa.eu/enlargement/countries/check-current-status/index_en.htm.

The foreseen budgetary allocation to this call is **EUR 4 140 000**. The European Commission reserves the right not to disburse the total available funds.

Applications will be examined and selected taking account of the remarks in the EU budget and the criteria laid down in this document.

Access for people with disabilities should be guaranteed for measures funded under this call for proposals.

2 SUBMISSION AND EXAMINATION OF GRANT APPLICATIONS

2.1 Submission deadlines and implementation dates

Complete applications must be submitted to the European Commission by the deadline indicated below.

When setting the start date of the action, applicants should take account of the indicative timetable of the evaluation procedure set out in section 3.3.

Applicants should note that **they may receive the grant agreement after the start date of the action** that they have set. Any expenditure incurred before signature of the grant agreement by both parties is at the applicant's risk.

Actions must commence no later than 31 December 2014. Applications not respecting this condition will not be considered.

The **deadline** for the submission of applications is **6 June 2014**.

2.2 Co-financing and duration of actions

Under this call for proposals, the European Commission may decide to finance up to 90% of the total eligible cost of the action.

Applications which request a grant of more than 90% of the total eligible cost will not be considered.

The **requested Union funding** must **not be less than EUR 108.000**.

The Commission welcomes in particular projects that provide for a full project cycle, including preparatory, implementation and dissemination, follow-up and reporting activities. Therefore, the duration of actions can be **up to 24 months**.

Applicants are requested to pay particular attention to the establishment of a realistic project timetable in order to avoid requests for amendment of the grant agreement for the sole purpose of extending the duration of the action.

The Commission will organise a **networking day** in Brussels for beneficiaries under the 2014 call (date to be defined). Applicants must therefore ensure that the travel, daily subsistence allowances and accommodation costs for up to 2 persons – the Project Manager and possibly the Financial Manager – to attend this meeting are included in their proposed project budget. If the applicant fails to do this, the Commission will not be able to fund the beneficiary's participation in the networking day.

2.3. Information on the action for which the grant is requested

When drafting the proposal, applicants are invited to pay particular attention to the following elements:

- The proposal should provide a clear explanation of the rationale and problem definition/analysis underpinning the proposed action, as well as the specific contribution of the action to the objectives of the call for proposals and its expected impact.
- In case of recurrent applications by the same applicant on similar or related topics, the added value of the new project proposal as compared to ongoing and previous actions² should be clearly explained.
- The choice of partners involved and countries covered should be duly explained and justified as regards their relevance towards the specific objectives of the action.
- Duplication between the SWIM electronic application form (see below) and the "detailed work programme" should be avoided (see also point 8 in the table in Annex II).
- Cost estimates should be reasonable, justified and comply with the principle of sound financial management, in particular regarding economy and efficiency (see also point 9 in the table in Annex II). It should be noted that the cost-effectiveness of actions will be evaluated on the basis of the proposed budget. The Commission reserves the right to make corrections and/or delete non-eligible expenditure from the proposed budget, but it will not make adjustments in order to improve cost-effectiveness of proposals (see in this context also the evaluation method described in paragraph 2.7).

2.4 Exclusion criterion

Applicants must be in conformity with Articles 106(1) and 107 to 109 of the Financial Regulation³.

² Including projects funded under other budget headings.

³ The situations referred to include bankruptcy, compulsory winding-up, being under court administration, in an arrangement with creditors or any other similar proceedings; convictions of professional misconduct; non-fulfilment of social security or tax payment obligations; convictions of fraud, corruption, involvement in a criminal organisation or any other illegal activity; declared in serious breach of contract in relation to activities funded by the EU budget; subject to conflict of interest; guilty of misrepresentation in supplying the required information.

⁴ Please see Annex I to the call (Financial Guidelines for Applicants) for a definition of the terms co-applicants, affiliated entities and associate organisations.

⁵ Council Regulation (EC, Euratom) No 966/2012 of 25 October 2012 (OJ L298, 26 October 2012); http://ec.europa.eu/budget/biblio/documents/regulations/regulations_en.cfm.

⁶ Please see Annex I to the call (Financial Guidelines for Applicants) for a definition of the terms co-applicants, affiliated entities and associate organisations.

⁷ These include the European social partner organisations that are consulted in accordance with Article 154 TFEU (an up-to-date list of these organisations can be found under "List of consulted organisations" on webpage <http://ec.europa.eu/social/main.jsp?catId=329&langId=en>), as well as other European social partner organisations that are not included in this list, but who are for example involved in the preparation and launch of European social dialogue at sector level.

⁸ It should be noted that only daily subsistence allowances, travel and other expenses related to participants and speakers travelling between EU Member States and/or Candidate Countries will be accepted as eligible costs.

National capacity-building activities which could be funded under the European Social Fund (Regulation (EU) No 1304/2013 on the European Social Fund, Article 6.2) are not eligible.

Eligible applications

To be eligible, *applications* must:

- Be submitted by the deadline indicated in section 2.1 (both electronically and on paper);
- Be submitted on-line before being printed, and sent in 2 copies as a paper application duly signed (one original dossier and one copy of all submitted documents). Please see section 3.2 for further details on the submission of the application;
- Be complete and include **all the documents indicated in the table in Annex II**.

Applicants should note that the Evaluation Committee will not examine applications lacking one or more of these documents.

Please note that for the following documents, the official templates, which can be accessed via the SWIM electronic application form, must be used: declaration on honour; letter of mandate; financial identification form; legal entity form; letter of commitment; form concerning contracts for implementing the action.

2.6 Selection criteria

Applicants (lead and co-applicants) must have the financial and operational capacity to complete the activity for which funding is requested. Only organisations who demonstrate the necessary financial and operational capacity may be awarded a grant.

- Financial capacity to carry out the action: applicants must have access to solid and adequate funding to maintain their activities for the period of the action and to help finance it as necessary⁹.
- Operational capacity to complete the proposed action: applicants must have the operational resources (technical, management) and the professional skills and qualifications needed to successfully complete the proposed action, as well as the ability to implement it. It is therefore not permissible to subcontract the project management of the action. Applicants must have a strong track record of competence and experience in the field and in particular in the type of action proposed.

The financial capacity should be proven by the annual balance sheets and declaration on honour mentioned in Annex II. The operational capacity should be proven by the

⁹ The financial capacity of the applicant (lead and co-applicants) is assessed based on the analysis of the supporting documents listed in positions 2, 3 and 14 in the table in Annex II and by calculating the ratio between the total assets in the applicant's balance sheet and the total budget of the project or the part of the project budget for which that organisation is responsible according to the budget in the application form (the ratio should be greater than 0.70). In addition, the Commission will take into account any other relevant information on financial capacity provided by the applicant.

declaration on honour and the curriculum vitae mentioned in Annex II, as well as the information provided in sections D.1 and D.3 of the SWIM application form on the operational structure of the lead applicant and co-applicants and on previous and current actions undertaken by them.

If the lead applicant is considered not to have the required financial or operational capacity, the application as a whole will be rejected. If a co-applicant is considered not to have the required financial or operational capacity, this co-applicant will be removed from the consortium and the application will be evaluated on that basis¹⁰. In addition, the costs that are allocated to the non-eligible co-applicant will be removed from the budget. If the application is accepted, the work programme will have to be adapted as appropriate.

2.7 Award criteria

Proposals which fulfil the eligibility and selection criteria indicated above will be assessed according to the following award criteria:

- i. The extent to which the action meets the objectives and priorities of the call for proposals
- ii. The extent to which the action has a genuine transnational dimension
- iii. The quality of the consortium and broader partnership, including the degree of involvement and commitment at the application stage of the social partners/stakeholders in the action¹¹
- iv. The extent to which the action contributes to the priorities, activities or results of European social dialogue
- v. The added value, i.e. the lasting impact and/or multiplier effect¹² of the action¹³
- vi. The cost-effectiveness of the action
- vii. The arrangements to publicise the action and disseminate the results, including the quality and/or innovativeness of dissemination plans
- viii. The overall quality, clarity and completeness of the proposal and budget explanation

¹⁰ This includes a re-evaluation of the eligibility of the modified consortium.

¹¹ Please note that the Commission does not consider it appropriate to include independent consultants, conference organisers, etc., as project partners. Please read chapter 4.2.2.3 Costs of services of Annex I carefully.

¹² The multiplier effect refers to how the project and its results will promote change in other fields, such as geographical, sectoral, thematic.

¹³ The Commission also reserves the right when assessing proposals to take into account the effectiveness and added value of previous or ongoing projects undertaken by the applicant with European Union funding.

When assessing the proposals according to the abovementioned award criteria, the following method will be applied:

- Applications with a score below 50% for criteria i, ii or iv will not be considered for award.
- Applications with an overall score of less than 60% will not be considered for award.
- Taking account of the budget available for this call for proposals, the proposals with the highest overall evaluation scores will be selected for award.

3.3 What next? Accepted and rejected applications

Applications will be examined by an Evaluation Committee. The entire evaluation procedure is expected to take around 4 months.

	Stages	Date or indicative period
a)	Publication of the call	March 2014
b)	Deadline for submitting applications	6 June 2014
c)	Evaluation period	Until end September 2014
d)	Information to applicants (grant agreement for signature or rejection letter)	From mid-October 2014
e)	Starting date of the action (as stipulated in the grant agreement)	No later than 31 December 2014

The European Commission will notify applicants once the evaluation procedure is completed. **Requests for information concerning the progress of dossiers sent prior to the end of the evaluation procedure will not be answered.**

The Commission may contact applicants during the procedure to request additional information. This is generally done by e-mail. It is entirely the responsibility of applicants to ensure that all contact information provided is accurate and functioning. In case of any change of contact details, please send an e-mail with the application VP reference and the new contact details to empl-vp-info-training@ec.europa.eu.

Rejected applications

Unsuccessful applicants will receive a letter stating the reasons for refusal.

Selected applications

Successful applicants will receive two original copies of the grant agreement for acceptance and signature. Both copies must be sent back to the Commission, which will then return one to the applicant once it has been signed by both parties.

The work programme and the budget annexed to the grant agreement sent for signature to the successful applicant may differ from the proposal as submitted by the applicant. Therefore the applicant should carefully read the whole agreement, and the work programme and budget sections in particular, before signing and returning the copies to the Commission.

Participation of the Commission in project events

Following the award of a grant, if the successful applicant would like the Commission to participate in any project events, the applicant must take immediate contact (in any case, at least 2 months before the event) with the Commission official responsible for following the action (named in the letter accompanying the grant agreement). The successful applicant should therefore not finalise the programming of such events without the Commission's prior approval and confirmation of participation.

The Commission's acceptance of the grant application does not prejudge its decision on whether to attend an event included in the work programme. Such a decision is always subject to a separate examination of the event programme and prior agreement on the dates and practicalities. In this context it should be noted that the probability of Commission officials participating in project events will be higher if the latter take place in Brussels.

Publicity

In order to achieve a wider dissemination of project results, the elements concerning, inter alia, the project description, results and methodology, provided by the beneficiary in the "executive summary" part of the final report, may be published on the European Commission's website.
