04 03 02 01 - PROGRESS Employment								
1	EaSI - PROGRESS_Analytical knowledge and comparative information	ESCO	This activity will support the development of a multilingual classification of European Skills/Competences, qualifications and Occupations (ESCO) is a semantic asset for European public services. It will be used for skills-based online job matching on a European scale, but also in career guidance and statistics. The quality of these services depends on the ability to exchange information in a meaningful way. Thus, semantic interoperability is essential. National, regional and sectoral classifications will be mapped to ESCO as European reference classification. ESCO will be available free of charge for all stakeholders and linked to existing European instruments such as EURES, the EU skills Panorama and the European Qualification Framework (EQF).	Data base	Employment services	EU28 EFTA/EEA	2012-2016	2014-Q1
2	EaSI - PROGRESS_Analytical knowledge and comparative information	Monitoring of Labour Market Developments in the EU	This activity will consist of the analysis, monitoring and reporting on trends in labour demand and supply across the EU. It will support the development on reliable information on future demand for occupations, skills, competences, and qualifications in EU, providing transparency on the matching process, the short-term skills requirements, the bottleneck occupations and the resulting opportunities for mobile jobseekers. The activity will be implemented through a service contract to be launched in 2014.	Publication	National authorities (minist., dept. and similar)	EU28 EFTA/EEA	2014-2017	2014-Q1
3	EaSI - PROGRESS_Analytical knowledge and comparative information	Skills Panorama	One of the key points of added value of the Skills Panorama is to provide online this unique central access point on future needs information across the EU. Rather than a mere collection or library of Member States' studies on the anticipation of future skills needs, the Panorama will present the information in a way that is synthesized as far as methodologically possible, without compromising on the richness of interesting and sometimes detailed information that Member States produce. The Panorama will also cover information on jobs and occupations trends. Based on this an early warning system could also be developed on the basis of the information collected and analysed by giving indication on short term and long term trends. Implementation by CEDEFOP.	Data base	EU and MS Policy makers, Experts	EU28 EFTA/EEA	2014-2015	2014-Q4
4	EaSI - PROGRESS_Analytical knowledge and comparative information	Hosting of the ESCO portal	Following the signature of the Memorandum of Understanding number DIGIT-00243-00 to cover the hosting of the ESCO portal and its evolution for the period 2010-2014, a subdelegation must be given to DG DIGIT. For 2014, an amount of EUR (...) will be available to DIGIT. This amount represents the expenditure to be incurred by DG DIGIT to provide the services as defined and described under the Article 2 "Subject" of the Memorandum of Understanding signed, related to the expenditure as calculated by DG DIGIT based on the budgeted expenditure and the services to be provided.	Network of experts	General public	EU28 EFTA/EEA	2014	2014-Q1
5	EaSI - PROGRESS_Analytical knowledge and comparative information	Analytical activities in the area of youth employment and youth entrepreneurship	This activity, falling within the EaSI first axis, will consist in the carrying out of analyses such as studies, impact assessments, Eurobarometers etc, contributing to the advancement of knowledge on optimal policy design in the domain of entrepreneurship and youth.	Publication	EU and MS Policy makers, Experts	EU28, EFTA/EEA, candidate countries, pre-candidate countries	2014-2016	2014-Q4
6	EaSI - PROGRESS_Capacity building for organisations	Technical assistance for microfinance institutions (EaSI (first axis))	This activity will provide technical assistance in form of trainings to microcredit providers in order to allow them to develop their businesses and permit a better reach-out to clients. This could be done in the form of trainings, evaluations, certification (e.g. vouchers distributed to MFIs for these services). The activity is likely to be subdelegated to DG REGIO, which would establish a technical assistance platform with the EIB. The activities might not be implemented by the EIB directly but further subdelegated	Support to organisations (SP, NGO, enterprises, national, regional, local authorities)	Social and economic partners	EU28, EFTA/EEA, candidate countries, pre-candidate countries	2014	2014-Q1
