

QUESTIONS AND ANSWERS

1. Can we include travel and subsistence (subsistence for journeys within 200km) in our budget. The special conditions suggest we cannot ("not applicable") but this isn't clear to me. Does this mean travel is not applicable or that the terms in the General Conditions apply?

Yes, you may include travel and subsistence in your budget. You should refer to point 2.1 of Annex III in the draft contract for this.

2. Are we to pay for delegates travel expenses who come to the seminars and therefore have to include their travel costs in our budget?

It is up to you to decide if you pay the travel costs of delegates at the seminars - but if you do, then it will have to be in your budget. The final conference will be organized (and paid for) by the Commission
